

## HEAVY VOTE ALL OVER THE COUNTRY INDICATIONS POINT TO ELECTION OF ROOSEVELT

### LITTLE TROUBLE IN NEW YORK.

**Thousands of Deputies and Secret Service Agents Looking For Stuffers.**

NEW YORK, November 8.—Almost perfect weather prevailed in Greater New York. From the moment the polls opened at 6 o'clock the booths in many election districts were filled and lines of men stood waiting their turn to deposit a ballot. Trouble began in some quarters almost at the start with arrests for alleged illegal voting.

#### TWO INJURED.

In some cases the arrests were accompanied by disorderly demonstrations and at least two persons—a policeman and a citizen—were injured before voting had been in progress twenty minutes.

The first surprise of the day was sprung by State Superintendent of Elections Morgan when he distributed nearly 3000 deputies representing his office through the election districts of the Greater City.

It had been expected that the 800 deputies that the Superintendent of Elections is authorized to appoint would be reinforced to-day by about 200 men, including a large number of secret service agents whose whole attention would be directed toward the holders of alleged illegal naturalization papers.

It developed to-day, however, that Mr. Morgan had found that under a section of the Metropolitan election district law the State Superintendent or any of his deputies is empowered to call on any person to assist him in the performance of his duty.

#### THE DEPUTIES.

This law raised practically all restrictions regarding appointment of deputies and 2000 additional men were sworn. The men selected for this work are volunteers and they went on duty at the opening of the polls to remain until the votes are counted. Each of the deputies was supplied with a list of registered voters who were to be challenged.

The list included the name of every person whose right to register was challenged, provided that the challenge had not been withdrawn. Hundreds of other names also had been placed on the list as a result of investigations conducted by Mr. Morgan's office since the registration closed.

Arrests for alleged illegal voting began early and the officers at police headquarters soon had all the business.

they could attend to in the election cases.

#### FIRST TROUBLE.

The first real trouble was reported in the turbulent Eighth Assembly District in the Lower East Side. At one polling place a gang of fifty or seventy-five men apparently acting upon a prearranged plan, surrounded the polling place and began to make it unpleasant for the policemen on guard there. Finally they rushed the booth and began to jostle the officer who stood at the door. Other policemen came to the assistance of the assaulted officer, and the mob finally was dispersed. In the melee one of the policemen and one of the assailants were injured. Similar disturbances in which the police had to drive off other gangs occurred in other polling places in the district.

#### EARLY BALLOT.

In the districts in the lower part of the city in the early morning balloting was very heavy. Further up town the early hours passed quietly, but the voters began to turn out in good volume during the forenoon.

Magistrates were sitting in all sections of the city to give an immediate hearing to men arrested on charges of illegal voting and the prisoners were arraigned as soon as they reached the station houses. Many of them were successful in proving their right to cast their ballot and were promptly released.

#### AFTER OFFICERS.

At one of the election precincts of the Nineteenth Assembly district where more than 700 negroes are registered, the ballots were being handled so slowly that the Board of Elections sent word to the inspectors all of whom are colored men that unless matters were expedited they would be removed.

Reports of clashes between would-be voters, the police and election officers came from many election districts, but up to noon no trouble of particularly serious nature had occurred. As the day progressed arrests for alleged illegal voting became more frequent than during the early hours and at some of the station houses warrants came in faster than they could be served.

#### FOUR ARRESTED.

Four of those arrested were Federal employes in the Treasury Department at Washington. They were taken to court but were later discharged after making satisfactory explanations and were permitted to vote.

A very heavy vote was reported up to 11:30 at Kings County.

### TWO DEMOCRATIC JUDGES ARE KILLED.

**Fierce Battle at One of the Polling Places at Cripple Creek.**

DENVER, November 8.—A special to the Times from Cripple Creek says:

Two Democratic Judges have been killed and one Peabody deputy sheriff is mortally wounded and a great number of Democratic Judges have been beaten up and thrown into jail although the Democratic and Republican leaders met last night and signed an agreement providing for a peaceful election.

Ike Leopold and Chris Miller, Judges in Goldfield, were shot down by one of Sheriff Bell's deputies this morning. They had ordered the deputy outside of the polling place. He refused to go,

and turning on the Judges, killed them both.

At Midway this morning Ed Doyle, a Peabody deputy sheriff, assaulted a Mrs. Kennedy because she was supporting the Democratic ticket.

In the struggle he almost torn the woman's dress from her body. Ed O'Leary, one of the Democratic watchers objected, and Doyle took a shot at him but missed. O'Leary promptly shot Doyle down. He will die. O'Leary has been arrested.

James Wafford is the deputy who killed the two election officers in Goldfield. He was a secret service man during military rule in the district. Miller and Leopold were union men.

THE POLITICAL FLYING MACHINE.  
Same old trouble—it will fly—yes—but it can't be guided.

### VOTING IN ALAMEDA COUNTY.

**Lively Contest in Two Supervisorial Districts—Heavy Vote is Being Polled.**

The election throughout the State of California was held to-day under ideal weather conditions. A large vote was polled, but it is not thought that the total will exceed much that cast four years ago. Lack of interest in the election of Roosevelt is a foregone conclusion accounts for the comparatively light vote. It is thought that Roosevelt will carry the State however by a majority larger than was given to McKinley four years ago.

In Alameda county, the normal Republican majority will be given. The national ticket will carry this county by a majority which will be between 6000 and 8000.

Interest in the local fight centers in the contests between Supervisor Mitchell in the Fifth Supervisorial District and George Fitzgerald. The fight was waged hotly all the day long. From a stray vote it is thought that the race is close with the chances favoring Mitchell.

In the Fourth Supervisorial District the fight between Supervisor Rowe and Harry Morse excited interest, but Rowe will be

returned to the Board of Supervisors without any doubt.

Even the adherents of Morse admit their candidate is all but out of the running.

In the Forty-ninth District there was considerable bitterness between the Walsh and O'Brien factions. The indications point to the election of Walsh to the assembly with a big majority.

In the First Supervisorial District where Horner the present incumbent is opposed to Beck the Democratic nominee there seems to be but little doubt but that Horner will be returned.

The Republican nominee's friends are claiming that Horner's majority will be large enough to not invite a recount.

On all sides it is admitted that to-day was one of the quietest elections ever held in the county or State. Most of the election scenes are entirely lacking. Where in former years there was ten carriages there was one to-day. On the partisans and political workers were conspicuous by their absence.

### ELECTION RETURNS

Election bulletins will be displayed in front of the Tribune office this evening. Returns from all over the country will be received and given to the public. Local returns will also be displayed.

### ELECTION ACROSS THE BAY.

**Much Interest Taken By Voters in San Francisco.**

SAN FRANCISCO, November 8.—In San Francisco much interest is manifested in the election and many votes were cast soon after the polls opened. Close contests are expected in the Fourth and Fifth Congressional districts.

The former is located entirely in this city. The fifth includes part of the cities and the counties of San Mateo and Santa Clara. Vigorous efforts are also being made on behalf of the various legislative and judicial candidates. A plurality for Roosevelt is generally conceded.

#### ELECTION IS QUIET.

SAN FRANCISCO, November 8.—The election is proceeding quietly in all parts of the State.

Chairman Spallacy of the Democratic State Committee concedes that Roosevelt may have 30,000 plurality, but he claims that the Democrats will elect five of the eight Congressmen.

The Republicans, however, expect to secure the entire delegation. An unusually heavy Socialist vote is being polled.

ST. LOUIS, November 8.—Nothing has been learned by Attorney Clover concerning the whereabouts or safety of his brother, A. C. Clover, who went to New York a week ago and is now reported there as having mysteriously disappeared.

### ELECTION NEWS IN MANY STATES.

**Heavy Vote is Being Polled All Over the Country—Weather is Perfect.**

NEW YORK, November 8.—Throughout the entire East ideal weather prevails today.

From Maine down the coast line and back into the interior it is sunny and crisp and as a result an extremely heavy vote is being polled. This is particularly true of the rural districts, where a long spell of dry weather has put the roads in excellent condition and enabled the voters to reach the polls with ease. In fact up to noon today reports indicate that the good weather extends over the entire country and leads the experts at headquarters to predict that the vote cast will be the heaviest in many elections.

In New York State the weather conditions and the earnest efforts of both parties to get the voters out early are having a decided effect, and from many places up state it was reported that a third of the vote had been cast by 9 o'clock.

An unusually heavy vote was reported in every city and town heard from during the morning. Workers for the Republicans and Democrats were active in getting out the vote but no trouble was reported and little was anticipated.

In this city perfect weather brought out a large early vote and the voting continued heavy during the morning. At Tammany Hall it was estimated that the vote in the city during the morning was being cast at the rate of 100,000 an hour.

Although a number of arrests were made on charges of illegal registration and a fight occurred in one polling place the morning voting in general in Greater New York was quietly done.

#### BOSTON

BOSTON, November 8.—Indications of the polling of an unusually large vote throughout the State appeared in the early part of election morning. Excellent weather prevails. Democratic leaders entered upon today's election conceding the State to President Roosevelt by perhaps 60,000, but claiming the election of Douglas, Democratic candidate for Governor, over Governor Bates, Republican.

#### PHILADELPHIA

PHILADELPHIA, November 8.—Election day opened clear and cool. There was no apparent rush to the polls and little attempt was made to bring out the full vote by either the Republicans or Democrats.

Reports from nearly every section of the State indicate that a heavy vote is being polled in Pennsylvania. President Roosevelt is reported to be running strong in the mining districts, many Democratic miners casting their ballots for him.

#### BALTIMORE

BALTIMORE, Md., November 8.—In the twenty-three counties of Maryland the polls opened at 8 o'clock and will close at 6 p. m.

The weather in every part of the State is favorable to bringing out a very large vote and advices from the counties indicate that both parties are polling their full strength. The election is proceeding quietly, though there is extraordinary activity among both Democrats and Republicans in getting to the polls. Dispatches from southern counties, constituting the "Black Belt" of Maryland, are to the effect that many illiterate negroes are finding difficulty in voting the complicated ballot.

#### ST. LOUIS

ST. LOUIS, November 8.—Reports

received during the fore part of the day indicate that a very heavy vote is being cast in Missouri. The perfect weather is bringing out an early vote both in cities and rural districts. Considerable scratching is being done and more than ordinary interest is generally manifested.

#### TOPEKA

TOPEKA, Kan., November 8.—In Kansas cities of the first class the polls opened at 6 o'clock this morning for the first time in a general election. Heretofore they have opened at 8 o'clock.

As a result a heavy vote was polled early. There is little interest in the national ticket in Kansas as it is conceded to Roosevelt by a big plurality, but the fight on the State and county tickets is getting the vote out.

Corruption charged against the present State Treasurer and maintenance in office charged against other Republican candidates for re-election are causing much scratching.

Congressman Curtis in the First district and Bowersock in the Second are also being scratched by Republicans but their election is claimed by State Chairman Stubbs.

#### CHEYENNE

CHEYENNE, Wyo., November 8.—An unusually large vote was polled in Cheyenne during the early hours and the weather conditions are such as to assure a big vote in the county districts, which are taking a lively interest in the contest between Cneyenne Casper and Lander for the State Capital.

Roosevelt and Fairbanks electors are running ahead of the other candidates on the Republican ticket with every prospect of carrying the State.

#### LINCOLN

LINCOLN, Neb., November 8.—Perfect weather conditions for election day prevailed here this morning. Reports received at Democratic State headquarters indicate that in the towns the early voting was lively but that the farmers are slow in reaching the polls.

#### NEW HAVEN

NEW HAVEN, Conn., November 8.—Crisp, clear weather was reported from all parts of Connecticut. In Hartford the crush of voters at the opening of voting places was unprecedented.

#### HELENA

HELENA, Mont., November 8.—Clear weather throughout the State is regarded as favorable to the Republicans. Both claimants expect favorable results.

#### PORTLAND

PORTLAND, Maine, November 8.—

### METCALF AND PARDEE VOTE.

Secretary Victor H. Metcalf voted in the Fifth Ward this morning. Governor George C. Pardee came down from Sacramento this morning for the purpose of voting. He voted at 11 o'clock in Precinct 11 of the Fourth Ward.

# PRES. ROOSEVELT VOTES AT OYSTER BAY.

## He is Given a Warm Reception at the Polling Place By His Friends.

OYSTER BAY, November 8.—President Roosevelt and his party arrived here at 9:41 a. m. today on a special train from Long Island City. The President was driven directly from the station in the carriage of Mrs. J. West Roosevelt to the polling place in the Fifth precinct of Oyster Bay. There he cast his ballot, No. 184.

The polling place is located in the second story of the Fisher building.

The President was received with enthusiasm by an immense crowd.

He sprang briskly from the carriage and ran upstairs, entering the polling place and shaking hands with the election judges.

He was given his ballot and retired immediately to one of the booths, remaining in it scarcely more than half a minute.

As he came out and handed his ballot to the presiding judge, a photograph was taken.

As he turned away from the ballot

box he was cordially greeted by many old friends and acquaintances who had gathered to see him.

Descending the stairs, he entered the carriage with Mrs. J. West Roosevelt and went for a drive. As he drove away the crowd cheered him enthusiastically.

The President's reception at the station building was notably cordial. The station building had been decorated with flags and bunting and a crowd of several hundred people had assembled to greet him. He was received with cheers and the waving of flags as he left his car.

At Long Island City the President was joined by several friends, among them being F. C. Travers, W. E. Roosevelt and his daughter, Miss Christine Roosevelt and Alexander Russell Jr., Secretary Loeb, who accompanied the President, voted in the Seventh district. The party left for New York at 11 o'clock.

It was decided to pass the matter up to the clerk's office, and they were told to seat the man with his credentials and leave the matter to the courts if there was any question raised as to the legality of the appointment.

At Fortieth and Grove streets operations were stopped for a time, and the officers wanted the clerk's office to send them out a new supply. There, however, was no preparation for a general delivery system, and they were told to buy five cents worth at a notions store and charge it in their bill, or better yet, borrow a bottle from some patriotic citizen.

Another precinct official was disturbed because there were no red flags to mark the 200-foot limit within which it is not lawful to prosecute electioneering.

Questions in regard to voting places were answered without number, and the searching for names it is claimed should appear are still being answered as the paper goes to press.

COOK IS PLEASED.

In speaking of the general result of the registration, County Clerk John P. Cook expressed himself as very well satisfied with the work done in this regard. "We have never had so few complaints at an election before," was his remark this morning. "I believe the people generally appreciate the work done in the office and throughout the county. I had some of my deputies at my office all the morning to answer questions, but most of the cases where actual mistakes were made was due to the carelessness of the persons themselves."

In many cases men have given us a certain number and put it between the wrong streets, and he has found his name in a different precinct than the one he should be in, but such errors have been rectified. Outside of this there has been no trouble. Out of the thousands of names taken, possibly a hundred mistakes may be found, but I doubt it.

"From the reports we are receiving from throughout the county, the election is going off very smoothly and the outlook is that a very heavy vote is being cast. Things look favorable for the success of the Republican ticket and I shall not be surprised if we elect every candidate."

FUNERAL OF DROWNED GIRL

The funeral of Lillie Bridgeman, the 11-year-old girl who was drowned in a reservoir at Inspiration Point in Blair Park, while trying to obtain a drink, was held this morning at 9 o'clock from the home of her parents, Mr. and Mrs. E. C. Bridgeman, 830 Twenty-second street.

The child was with a party of picknickers at the time she came to her sad end. She leaves two brothers and a twin sister.

There was a funny mix-up cut in an Emeryville precinct, and for a time it was feared that the interior of the election booth would be wrecked by the overzealous officials. Nine election officers showed up for duty this morning when there was only room for eight, and the odd man was accounted for by the fact that one of the regularly appointed ones was found not to be a resident of the precinct. When this was called to the attention of the judges, they appointed one of their own, and insisted on seating the man they told to be on hand. The altercation waxed warm, but finally it

was settled.

"This is the first time I ever lost a vote at a presidential election. I guess, however, that they don't care to have any more votes than they can help."

He was told by Deputy County Clerk Breed that his case was a hopeless one and that he could do nothing for him, and the stranger went away damning things in general and the election law in particular.

# OAKLAND GIRL A WIDOW.

## Rich Lumber Dealer Dies at Home in Pasadena.

PASADENA, Nov. 8.—Eldridge M. Fowler died at his home in this city yesterday of cerebral hemorrhage, aged 71 years. He was a wealthy lumber man and financier of Detroit. Death came a few hours after his arrival here in a special car.

About two years ago, Mr. Fowler, who was a widower, married Miss Erewer whose parents reside at the northeast corner of Thirtieth and Jefferson streets.

For some years Miss Brewer had been governess in the Fowler family. Mrs. Fowler passed away and Miss Brewer returned to her home in Oakland for a time.

Subsequently Mr. Fowler proposed to her and was accepted. The couple were married and a honeymoon trip to Europe followed.

The second Mrs. Fowler is well known in Oakland, having been educated in the schools of this city.

## ILLEGAL VOTERS

KANSAS CITY, November 8.—Two negroes and a white man were arrested here today charged with illegal voting. All three were held for investigation. There was no disorder.

## FRESNO COUNTY REPUBLICAN.

CONGRESSIONAL FIGHT IS A WARM ONE—CHURCHES INTERESTED.

FRESNO, November 8.—The early voting is comparatively light. The Presidential ticket is subordinated to the national and State legislative and county super-visors' fight. It seems to be conceded that the county will go to Roosevelt by a small plurality. For Congress, Conley is making a good showing against Needham. Fresno being considered the pivotal in the district, the Congressional fight has been a warm one. So also the legislative contest. In the Sixth-first district, the general impression is that Bradley (Dem.) will outrun Drew (Rep.). In the Sixth-second contest is close between Graham (Dem.) and Chandler (Rep.). The great fight is as to supervisors, the churches being in the contest because the incumbent Republicans have overrode it in denying a petition for the application of the majority rule in the location of schools in the county. This Democratic claim to be certain of electing two of the three candidates.

SAN JOSE IS FOR HAYES.

SEEMS CERTAIN CANDIDATE WILL RECEIVE SMALL PLURALITY IN COUNTY.

SAN JOSE, November 8.—Fine weather brought an early vote, and the total votes cast up to noon exceeded that of any previous election. It is conceded that Roosevelt's vote in this county will exceed the large plurality given McKinley four years ago, as many Democrats are voting for him. While the opponents of Hayes for Congress are making a vigorous fight, it seems certain that he will have a plurality in this county. The contest for supervisors, supervisors and legislators is not being conducted on strictly party lines, but there is a general feeling that the entire Republican ticket will be elected.

## EARLY VOTING AT SAN DIEGO.

COUNTY WILL GIVE MAJORITIES TO ALL REPUBLICAN CANDIDATES.

SAN DIEGO, November 8.—Notwithstanding the general concession that the Democrats have little to hope for in the election in San Diego, much interest is being shown in today's contest. Voting began early at all the polls, and a large return will result in nearly every precinct. The county will give majorities for the Republican national candidates, for Supreme Court, Congress, Assembly, and Supervisor in the First and Second Districts. In the Third Supervisor district the Democrats may elect. The vote on constitutional amendments will be very light. Voters are expected to express ballot opinions for or against saloon license. Ideal weather prevails.

PRESIDENT LEAVES.

NEW YORK, November 8.—The President left Jersey City for Washington in a private car attached to a regular train on the Pennsylvania road.

# FORCE NEGROES TO VOTE.

## Police Arrested in Kentucky For Intimidation--Charges of Fraud.

LOUISVILLE, Ky., November 8.—Three members of the Louisville police force, James Tierney, Thomas Donnelly and Daniel Sexton, were arrested today by United States Marshal Blides on warrants sworn out in the federal court, charging them with conspiracy to intimidate negro voters.

The prisoners were arrested while in uniform and on duty near a polling booth at Eighth and Grayson streets, where it is charged the acts complained of were committed.

Charges and counter-charges of fraud are being freely made by both sides, and more arrests are expected.

The Democrats claim the Republicans have been using negro repeaters to vote under the names registered by white citizens.

## PARTY LEADERS ABSENT.

FEW DEMOCRATS FREQUENT HEADQUARTERS IN NEW YORK.

NEW YORK, November 8.—Political headquarters. Very few persons connected with the National and State committees were at the different headquarters today.

Vice-chairman Delaney Nicol, Secretary Woodson and August Belmont were at the Democratic headquarters shortly before noon, but little business was transacted.

Secretary Woodson was talking with Chairman Taggart on the long-distance telephone and had an exchange of pleasant remarks regarding the situation.

Mr. Woodson told the chairman he heard that the Republicans had "got him" in Indiana, to which Mr. Taggart replied that he was still a long way ahead of them.

None of the members of the Republican National committee was at headquarters during the early part of the day. At the Fifth Avenue Hotel telegrams were received by the Republican State committee from different parts of the State saying that there was no good weather and a full vote was being polled.

The Democratic State headquarters were in charge of the clerks of the committee, but no reports concerning the election had been received.

## JUDGE PARKER CASTS HIS BALLOT

KINGSTON, N. Y., November 8.—Judge Parker slept later than usual today. It was after 8 o'clock when he arose. With his secretary, Mr. McCausland, he drove to Kingston, where they cast their ballot. The weather was perfect.

## RUSSIA'S RESERVE COMPLAINS.

GOVERNMENT NOW REALIZES THAT HARSHNESS CANNOT BE USED.

ST. PETERSBURG, Nov. 8, 3 24 p. m.—The government, taking such measures as possible to reconcile the army reserve men who are being called to the colors, including particular pains to avoid harshness.

There are many causes of complaint and especially the character of the cars, some of which, ordinarily camel cars, are no longer used. The disorder in connection with the mobilization has been widespread, notably in the province of Vitebsk and Pskov, and there has been considerable violence in Western Poland, where troops are reported to have actually fired on the farmers.

Many families of reserve men in Poland are reported to be in great distress. There are thousands of families and the children five cents a day.

## MAKE WAY FOR GROVER CLEVELAND

PRINCETON, N. J., November 8.—Former President Grover Cleveland voted at the First district polling place. When he appeared the line gave way and all voters left to vote. The President came out of the booth and, after a few words with a friend, he sauntered back to Westside.

## RECORD VOTE AT VALLEJO

VALLEJO, Cal., Nov. 8.—Weather perfect; record vote already recorded. The employees of the navy yard were given two hours leave. Voting machines were used in all precincts. It is the quietest election day even known here.

# MACHINES IN SAN FRANCISCO

## The Vote Will Be Very Heavy Across the Bay.

SAN FRANCISCO, November 8.—The vote in this city, as well as in the State, is very heavy, and in the precincts not supplied with voting machines the returns will be slow in coming in.

Forty machines are in use in this city, and have given good satisfaction, though in several cases trouble was experienced in their operation, owing to the inexperience of the voters.

The lever of one machine was accidentally broken, but it was soon repaired.

Former Mayor Phelan, M. H. De Young, Fairfax Wheelan and the other prominent citizens, who were appointed election officers by the Election Commissioners, were at their posts when the polls opened and stuck to their duties all day long.

Several election officers were removed from their places when it was learned that they resided in other districts, and substitutes appointed.

It is evident from the time occupied by most of the voters in marking their tickets, that many of them have been scratched. No trouble has been reported, and the election has been one of the most quiet ever known here.

The result cannot be foreshadowed at this hour, though the success of the Roosevelt Electors is conceded. The candidates for the Legislature and Superior Bench have made strong fights and the result in several cases will be close.

Williams, the Union Labor candidate for Congress from the Fifth District, says that Hayes, Republican, is undoubtedly elected, as the labor vote went to him.

In the Fourth District both Kahn and Livernash are confident of success. The poll will close at 5 o'clock.

## BOY BEATEN BY CHINESE.

BERKELEY YOUTH SEVERELY HORSEWHIPPED BY ANGRY LAUNDRYMAN.

BERKELEY, November 8.—Twelve-year-old Orin Carroll, who resides at 1509 Shattuck avenue, was severely beaten last evening by Jim Long, a Chinaman who conducts a laundry at the corner of Blake street and Shattuck avenue. The assault occurred at the Southern Pacific station in the heart of Berkeley, and the little fellow was so badly beaten by the infuriated Celestial that he had to be treated by a physician. His parents intend to swear out a warrant for the Chinaman's arrest.

According to the story told by young Carroll he was standing at the station last evening waiting for the train to take him to North Berkeley when the Chinese ran up with a buggy whip in his hand and began to beat the boy over the arms and head.

He desisted only when bystanders interfered, and drove him away.

It seems that a short time before some boys had been throwing rocks at Long's wagon, and he was bent on vengeance. Carroll denies that he threw stones at the wagon.

The little fellow's arm was torn by the blows from the Chinaman's whip and Dr. J. P. Farrar, who attended him, stated that had the blow fallen a little nearer the elbow, the lad's arm would have been crippled for life.

## FARMER KILLED AT HIS HOME

NASHVILLE, Tenn., Nov. 8.—Dick Walton, a farmer and a Democrat, has been shot and killed at his home on Callibona Creek. He attended a political meeting recently and it is said threatened several persons.

## CORTELYOU VOTES.

HEMPSTEAD, L. I., November 8.—Chairman Cortelyou of the Republican National committee cast his vote at his home here today. When asked about the election, Mr. Cortelyou said he was confident that the Republican national ticket would win.

## THEY WILL MARRY.

A marriage license was issued this afternoon to Bertie H. Burrell, a civil engineer of the Philippine Islands, and Clara O. Becker of San Francisco. They are to be married in this city this afternoon and will leave in 3 day or two for their island home.

# RETURNS FROM EAST

## Parker Making Gains Over the Bryan Vote.

DETROIT, Nov. 8.—Reports of the State all tell of fine weather and a heavy early vote. There is much splitting of tickets in all parts of the State.

AUSTIN, Tex., Nov. 8.—Weather in Central Texas is fair and it is believed that this section of the State will poll a representative vote.

MONTGOMERY, Ala., Nov. 8.—It is estimated that the Democrats will carry the State by 50,000. The Republicans claim the election of S. L. Powell as congressman from the Seventh District.

CHARLESTON, S. C., Nov. 8.—A light vote is being polled and little interest is shown. There is no opposition to the Democratic nominees.

WILMINGTON, Del., Nov. 8.—Fair weather prevails and a light vote is being polled.

WATERTOWN, N. D., Nov. 8.—The election of the entire Republican ticket is practically conceded.

WHITE RIVER JUNCTION, Vt., Nov. 8.—The average of a Presidential vote has been maintained in various sections of the State.

INDIANAPOLIS, Nov. 8.—Reports received from three-fourths of the counties in the State show that one of the heaviest votes in the history of Indiana is being polled.

WILMINGTON, Del., Nov. 8.—Reports from the lower counties are to the effect that a heavy vote is being polled.

## BOY JAILBREAKERS STILL FREE

FRUITVALE YOUTH EVADES AUTHORITIES LIKE SEASONED CRIMINAL.

Little twelve-year-old jailbreaker, Arthur Frederick, who made his escape from the County Jail last Saturday is still at liberty. The activity of the officers about his home out at Fruitvale yesterday has frightened him away from there and last night he was seen in the city.

It is said that it is only a question of a few days before he will be pointed out and taken into custody.

Jailer Pete White, who had the lad with him in his buggy yesterday and did not know why he is the most consummate little rascal for his age it has ever been his fortune to run into. In speaking of his experience yesterday he has the following to say:

"All I have got to say is that the boy is a wonder. If he grows up before he is put away for a long term he certainly will become a remarkable criminal."

"He lied to me yesterday with as straight a face as an old crook. The residents out in that neighborhood say that he has been in all kinds of mischief before this and he is so small that he can go through a rat hole. He played me yesterday as tough he was the old man and I the boy. It was all so funny that I have to laugh at it. His taking me straight to his home was the most remarkable part of it all. He knew me all right and I wanted him to show me the way to his house, he took me straight there. I knew where he lived and if he had started me off in the wrong direction I would have got after him. But he made no such break. He took me straight to his home and while I was talking with his mother he climbed out of the buggy and away he went."

## ELECTION NEWS IN MANY STATES

(Continued From Page 1.)

Maine voters were called upon today to ballot only for Presidential electors, but the prevalence of desirable weather, it was expected, would bring out a large vote. The State is claimed by the Republicans by about 25,000 for Roosevelt.

### PROVIDENCE

PROVIDENCE, R. I., November 8.—The early voting indicated the heaviest total poll in the history of the State. Ideal weather prevails. Republicanism admitted the defeat of Governor Gervin, Democrat, as possibly doubtful, but claimed the State for Roosevelt.

### BOISE

BOISE, Idaho, November 8.—The election is passing off quietly, owing to the remoteness of some of the precincts in the State. The women voters were out early.

### MINNEAPOLIS

MINNEAPOLIS, November 8.—Cool and clear weather prevails. A heavy vote was cast in the first two hours. Dunn, the Republican candidate for Governor was put very generally.

### BLOOMINGTON

BLOOMINGTON, Ill., November 8.—In central Illinois the day was marked by perfect weather conditions and an unusually heavy early vote was polled.

### WILMINGTON

WILMINGTON, Del., November 8.—The day opened clear and pleasant in this city. From present indications it does not appear that much cutting is being done. This would indicate that the Republicans will poll their full vote.

### WHEELING

WHEELING, W. Va., November 8.—The weather is promising and the early morning vote is the heaviest on record in Wheeling. Dawson, Republican, for Governor, is being scratched.

### CINCINNATI

CINCINNATI, O., November 8.—With delightful fair weather there were large numbers of voters at the opening of the polls, indicating a full vote.

### CLEVELAND

CLEVELAND, O., November 8.—The vote in this city was very heavy during the early hours of the day, probably due to the new law closing the polls at 4 o'clock. The scratching of tickets was almost general. Weather cool and partly cloudy.

### CONCORD

CONCORD, N. H., November 8.—Fine weather and an unusually full registration promise the largest vote on record in this State.

### OGDEN

OGDEN, Utah, November 8.—Fine weather prevails and a large vote is being polled. Roosevelt's plurality will

Fair weather prevails all over the State.

SEATTLE, November 8.—Heavy fog hung over the city when the polls opened this morning. Interest is keen because of the fight over the Governorship, and a heavy vote was reported.

### BUTTE

BUTTE, Mont., November 8.—Reports from the State are that the weather is uniformly clear but cold. The voters are slow to come in, and up to 10:30 o'clock only a small portion of the registration had been polled.

### PORTLAND

PORTLAND, Or., November 8.—A thick fog prevailed here this morning. The polls opened at 8 o'clock but voters were slow in getting out. Apparently more interest is being displayed in the interior towns than in the larger cities.

### CHICAGO

CHICAGO, November 8.—Election day dawned with sky overcast, but with small prospects of rain, while the temperature was a happy medium—neither hot nor cold. Indications early in the day pointed to a heavy vote.

### TRENTON

TRENTON, N. J., November 8.—Reports from every section of the State are that clear weather prevails and that an unusually heavy vote is being polled. Stokes, Republican candidate for Governor, is running slightly behind Roosevelt in the upper counties, but little cutting is being done in the southern end of the State.

### COLORADO SPRINGS

COLORADO SPRINGS, Colo., November 8.—A special to the Telegraph from Cripple Creek says: Chris. Miller and Ike Liebolt were shot in a disturbance at Goldfield and both will die. The shooting was done by a person whose name is known but withheld until arrest is made.

### NASHVILLE

NASHVILLE, Tenn., November 8.—Weather throughout the State is mild and pleasant. Indications are that there will be a falling off in the vote. Republicans will poll a large vote than usual. Many negroes have registered and will vote.

### NEW ORLEANS

NEW ORLEANS, November 8.—The election opened quietly throughout. The State with good weather prevailing. A light vote will be polled outside of the city and it will be practically solid for the Democratic electors and Congressmen.

### CHARLESTON

CHARLESTON, W. Va., November 8.—Beautiful weather and brisk voting. Heavy scratching on the State ticket. Business men are watching the polls. Good order prevails.

### MILWAUKEE

MILWAUKEE, November 8.—The battle of the ballots in this State opened with a rush today. The weather was cloudy and mild. The early vote was heavy. Voting machines are used throughout the city.

### PEORIA

PEORIA, Ill., November 8.—The whiskey market is demoralized as a result of the war between the independents and the trust. Despite the action of the independents yesterday in declaring \$124 as a bedrock basing price for finished goods, the trust is offering and selling thousands of barrels at \$122.

### RENO

RENO, Nev., November 8.—Reports from the interior of the State show that the heaviest vote of many years will be polled in Nevada today. Washoe County, which is the center of interest, is voting quietly but heavily.

### LOUISVILLE

LOUISVILLE, November 8.—The early vote in Louisville was heavy, owing mainly to the fight for Congress in this district. The weather was beautiful.

### RALEIGH

RALEIGH, N. C., November 8.—Election day fair and cold. Many voters were at the polls at 6:30 o'clock. Great interest is shown.

### DENVER

DENVER, November 8.—Extra weather throughout the State with extraordinary interest manifested in the election of Governor insures a very heavy vote. Much scratching is reported in Denver and other cities, and Democrats regard this as an indication that their candidate for Governor, Alva A. Adams, will defeat Governor Peabody. Members of labor unions are said to be voting in large numbers throughout the State.

### SALT LAKE CITY

SALT LAKE CITY, November 8.—Favorable weather conditions are reported all over the State and early reports show a heavy vote being polled. The election is passing quietly, but much scratching is being done, and returns will be late.

### CAMDEN

CAMDEN, N. J., November 8.—The heaviest vote in the history of Camden County is being polled. One arrest has been made for illegal voting. In Woodlyn, a suburb of Camden, no votes have been cast because of a factional fight. One faction has the ballots and the other the ballot boxes.

### CHICAGO

CHICAGO, November 8.—The size of the ballot and the amount of scratching

done in nearly all wards rendered the voting rather slow.

The first voting machine to be tested in Chicago was put in commission. Persons who feared to risk their votes with the machine were provided with the regular ballot.

### SIOUX FALLS

SIOUX FALLS, S. D., November 8.—Fine weather is reported from all of South Dakota. A heavy early vote was cast.

### WHEELING

WHEELING, W. Va., November 8.—At Democratic headquarters the statement was given out that the vote would be the largest ever gotten out in the State. The Democrats claim the election of three of the five Congressmen.

Reports from the over State say that the farmers are scratching Dawson, Republican, for Governor, to the extent that the election of Cornwell is assured.

Unless the scratching of D won results in many ballots being thrown out, it is believed that Roosevelt will carry the State with a majority equal to that of McKinley.

### PARKERSBURG

PARKERSBURG, W. Va., November 8.—Voting throughout the State is very heavy. The scratching indicates Democratic gains on the State ticket.

### FIRST RETURNS

BOSTON, November 8.—The first town in Massachusetts to report the result of today's election was Mashpee in the Fourth Congressional district. The vote:

Parker 2, Roosevelt 59.  
In 1900 the vote for the town was: Bryan 3; McKinley 55.

### ONE ARREST

BOSTON, November 8.—The Democrats concede 60,000 plurality for Roosevelt in the State, but in spite of the great vote, expressed the belief that their candidate, Douglas, for Governor, would win.

About 1000 policemen were on duty in Boston to watch the movement of voters, but up to noon only one arrest has been made.

### ILLINOIS

CHICAGO, November 8.—Reports from points throughout Illinois showed that election day was marked by perfect weather and an unusually heavy early vote. Indications point to average Republican majorities.

### ST. PAUL

ST. PAUL, Minn., November 8.—Keen interest in the contest for the Governorship, coupled with the favorable weather, is bringing out in the State what is said to be the largest vote of any election in years.

### MILWAUKEE

MILWAUKEE, November 8.—Reports from different parts of the State indicate that a heavy vote is being polled. There apparently is much scratching.

### COLUMBUS

COLUMBUS, Ohio, November 8.—An unusually heavy vote is being cast throughout the entire State. Roosevelt is running ahead of his ticket.

### THE RETURNS

BOSTON, November 8.—Norwell, in the Fourteenth Congressional District, was the second town to report complete returns for President. The vote was:

Parker 56; Roosevelt 150.  
Vote in 1900: Bryan 55; McKinley 186.

## KILLED IN A BOILER EXPLOSION

LEAVENWORTH, Kan., November 8.—By the explosion of a boiler here today the plant of the Kemp Furniture company, with contents valued at \$125,000 was practically destroyed, one employee killed and five others injured, one fatally. Green Nichols is killed, Thomas Breddewers was fatally hurt and four others were more or less seriously hurt.

## PERFECT DAY AT SACRAMENTO

BALLOT MACHINES GOING BEING USED WITH GOOD EFFECT.

SACRAMENTO, Nov. 8.—A more perfect day could not have been selected for an election than today has been. The air was bright and warm and a tremendous vote had been polled up to the noon hour.

But little trouble was had with the voting machines, used in this city for the first time, but it was noticeable, however, that great numbers of straight tickets were being polled. While it is impossible to tell at this time what the result will be it is confidently believed that the entire Republican ticket will be carried. But there is some doubt about the election of a Republican candidate for the Senate and Theodore A. Bell has a good chance of carrying the county in the Congressional fight.

## SAN FRANCISCO IS AT SUEZ

SUEZ, November 8.—The United States cruiser San Francisco arrived here today.

## PARKER CASTS HIS BALLOT.

His Neighbors Give Him a Welcome at the Polls.

KINGSTON, November 8.—Judge Parker drove up to Old Pottery on Greenhill avenue, the voting place of the Third district of the Eighth ward, at 10:40 o'clock. A crowd of Kingston neighbors had assembled to welcome him and he was received with cheers.

As the Judge stepped from his wagon, Ralph Finnegan, a six-year-old boy, was the first to shake hands with the candidate.

"I hope you will be elected," he told the Judge.

"Thank you," the Judge replied with a laugh. "You are a great boy."

Several friends claimed the Judge's attention and he was compelled to hold a brief informal reception before he could reach the voting place. The Judge remained in the booth half a minute. He came out and handed his folded ballot to a clerk, who deposited it and announced "Alton Brooks Parker votes ballot 147."

Then there was a flash and several photographers obtained pictures as the Judge's ballot was dropped into the box. More cheers followed. The Judge inquired if a flashlight was necessary on so fine a day. He shook hands with the policeman on duty at the door and walked out. After conversing with friends for a moment he drove up town to give his secretary, Mr. McCausland an opportunity to vote.

## DEMOCRATS AT BAKERSFIELD.

EXPECT TO CARRY THE COUNTY FOR JUDGE PARKER.

BAKERSFIELD, November 8.—Reports from the various precincts in the city and throughout the county indicate that the voting has been light this morning.

The weather is fine and preparations have been made by both parties to get every available voter to the polls.

The Democrats expect to carry the county for Parker by at least 500.

They anticipate that the entire Democratic ticket will carry in the county. The Democratic central committee has given out what it believes will be the approximate majorities.

The Republicans are also confident of carrying the entire ticket in the county, but the Republican committee has refused to give any specific figures for publication as to the majorities they anticipate.

## FULL VOTE AT STOCKTON.

ROOSEVELT WILL CARRY COUNTY BUT LOCAL TICKET WILL BE SPLIT.

STOCKTON, Cal., Nov. 8.—The weather is clear and cool, and a heavy vote is being polled on both sides, they being very active in bringing out a full vote.

While it is conceded that Roosevelt will carry the county, there is much scratching being done on the Legislative ticket, and it is pretty generally conceded that Lawrence, Democrat, will defeat Muenster, Republican, for the Senatorship, and that Cowell, Democrat, will defeat Beardslee, Republican, for Assemblyman from the city.

Moore, Republican, is expected to defeat Corcoran, Democrat, for Assemblyman from the county. In the Supervisory fight, the Democrats hope to gain one, and possibly two, but the Republicans do not concede any.

## BRYAN CASTS HIS VOTE

LINCOLN, Neb., Nov. 8.—W. J. Bryan voted at Normal precinct, near Fairview, his country home near Lincoln, shortly after noon. His presence at the polls was cheered by a small crowd of Democrats. This precinct gave Governor Mickey a plurality of fifteen two years ago. Mr. Bryan thinks his precinct will be for Berge for Governor this year, and he also predicts the election of Berge after voting. Bryan returned to his home and will receive the election returns there.

## ILLINOIS IS FOR ROOSEVELT

He Will Carry the State By a Large Majority.

CHICAGO, November 8.—Reports from every district of the city and county received at Republican headquarters told of progress in voting which led County Chairman Reddick to place the total vote in the county at 875,000. Chairman Reddick predicted the election of the entire Republican ticket in the county.

Chairman Carey of the Democratic County Committee said that the Democratic reports were very favorable.

From all information received at State Headquarters from various points, it is believed by the State leaders that the Illinois vote will prove exceptionally heavy throughout.

Weather conditions were very favorable. Republican State officials refused to make any predictions in figures as to Roosevelt's plurality, further than to say that they will be surprised if it falls below 125,000. Democratic leaders were very reticent and made no claims as to the outcome in the State or the National ticket.

Republican State Chairman West said:

"While the polls in the rural districts will not close until 6 o'clock, I am confident that Illinois has given President Roosevelt a large plurality and elected Mr. Deneen, Governor. It has been a Republican day."

Chairman Sullivan of the Democratic committee said:

"The voting is over in Chicago and I believe the count will show that the Democrats have elected a part of the count. I never claimed that Judge Parker would carry Illinois."

## GIVE COMPLETE RETURNS.

THREE TOWNS IN MASSACHUSETTS ALLOW ROOSEVELT A MAJORITY.

BOSTON, November 8.—The first three towns in Massachusetts to report complete returns for President, gave the following aggregate vote:

Parker, 462; Roosevelt, 55.  
Same towns in 1900 gave Bryan 490, McKinley 593.

These figures show a loss of 28 in the total Democratic vote, and of 35 in the total Republican vote.

## LARGE VOTE IN SOUTH.

Roosevelt Will Get 15,000 Plurality in Los Angeles.

LOS ANGELES, November 8.—Sixty per cent of the total vote of Los Angeles polled by 11 o'clock was the estimate of the early vote in this city, made by Chairman Lee of the Republican county central committee and based on telephone reports. A heavy vote is being polled also throughout the entire county, outside of the city.

Chairman Lee stated that he had no reason to change his former estimate of 15,000 plurality for Roosevelt in Los Angeles county.

But few reports have been received at Democratic headquarters, but those indicated that a heavy vote was being polled.

Chairman Young conceded the county to Roosevelt by 8,000, (10 days) Congressman McLaughlin (Republican) will receive something less than his plurality of two years ago. Voting machines are in use throughout the city for the first time and the voters are using them without difficulty.

## RESERVES CALLED TO QUELL RIOT

NEW YORK, November 8.—The reserves of the Eldridge street police station were called out in a afternoon to quell a riot at the polling place in Forsythe street. A quarrel between two men in the crowded polling place had become general. The mob dispersed when the reserves arrived and order was soon restored. Only one arrest was made.

## FAIRBANKS VOTES

INDIANAPOLIS, November 8.—When Senator Fairbanks went to the polling booth he was accompanied by his two sons. The Senator went to the wrong booth and was directed to his own precinct voting place. He was in the booth one minute and 30 seconds. As he left the polling place Senator Beveridge came up to vote.

## KILLED IN WRECK

CLINTON, Pa., November 8.—In a collision between a work train and a freight train today on the Chicago & Eastern Illinois railroad, John Blum was killed, an unrecognized body is pinned under the wreck and 15 other men were injured.

# JENNINGS' STABLE IS GOOD.

WITH HIS POWERFUL STRING HE MAY HEAD LIST OF WINNERS.

Last year, Walter Jennings, then whom no more popular turfman ever raced horses in California, headed the list of winning owners at Oakland. With a powerful string of more than thirty horses quartered at the bay, it looks as if he might repeat the trick this coming winter. Jennings is the star of the stable, and with W. Davis to do the driving, will be a big factor in the game. Garnet Ferguson, with his strapping, big colt, Bearcat, and several other useful ones, will be quite a factor, and the stable of Willie Shields, Stinner & Ramsey, of J. D. B. Burns & Waterhouse, Napa Stock Farm with the crack filly Aristo to carry its colors, Louis Ewell, D. Cameron, Fletcher & Co. and Wally Brinkworth will all do to string with. Wally has a select string of seven, among which are Stroller, a stake winner at Chicago; Graydon and Major Manair, the latter a champion horse of note. Frank Doss, a capable Texas trainer, has charge of the stable. Eddie Dornick will probably do the riding when he can do the weight.

# O'BRIEN TO FIGHT CHOYNSKI.

WILL BATTLE IN PHILADELPHIA ON EVENING OF NOVEMBER 14.

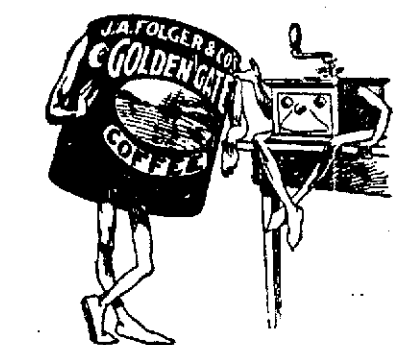

Old man Choynski must be getting short on change. He has reconsidered his determination to retire from the ring, and has signed to meet "Philadelphia Jack" O'Brien in the Silent City on November 14. Jack and Jo were to have fought in St. Louis recently, but the fight was called off, as the veteran announced that he was going to retire from the ring.

# POUNDMASTER MAKES REPORT

Below is the report of Poundmaster Zoble for the month of October, as presented to the City Council last night. Dogs impounded, 231; released, 40; sold, 12; killed, 233. Horses impounded, 6; released, 4; killed, 2. Cows impounded, 3; released, 3. Dead dogs removed from streets and vacant lots, 2; dead cats, 70. Superintendent of Oakland City Schools, J. W. McClellan, has presented to the City Council a report on the subject of "Schoolhouse Sanitation."

# BRINGS A SUIT TO QUIET TITLE

James Miller has commenced suit against the city of Oakland, the county of Alameda and about twenty other defendants to quiet title to seven lots of land on Twenty-second avenue. The lots are near East Twelfth, East Fourteenth, East Fifteenth, East Sixteenth, East Seventeenth and East Eighteenth streets. Two of the lots are on East Twelfth street. Miller says he has been in possession of the property for twenty years, and has paid the taxes continuously during the last five years. He says the city and county claim title to the property through a dedication.

"All right," said the Mill, "I understand you want to be ground just right or there will be trouble. I'll do my part and see that you are 'granulated,' not 'pulverized,' as you pass through me. I know that coffee ground too fine tastes bitter. Skip along and keep your date with Kettle."

# OAKLAND AND TACOMA TIED.

Oakland and Tacoma this afternoon began a series of games at Fresno, the contest being called at three o'clock. Thomas is pitched for the Tigers. At the time this was written Pete Lohman had not decided who he would have deliver his benders for his band. Oakland arrived in the land of rainis last night and the Tacoma collection got in early this morning.

A postponed game was played off yesterday afternoon down South between the Andies and the Tigers with the result that Merley's men were defeated by a score of 2 to 1 and Tacoma was shoved into a peg in the pennant race. So this morning Oakland and Tacoma tied for first place.

According to the Southern dispatches, Umpire Perine had another bad day yesterday. On several occasions his decisions failed to please the fans, who shouted their disapproval. Jones

and Fitzgerald pitched good games. Summary:

# OARSMEN SEND A WOULD-N'T FIGHT CHALLENGE.

ALAMEDA ATHLETES MATCHED TO MEET DOLPHINS IN BARGE RACE.

Alameda oarsmen have challenged the Dolphin crew of San Francisco to a barge race for the Olympic trophy. The race is to take place early in December. At present the Dolphins hold the trophy, but the Alameda oarsmen are certain that they can best the San Francisco athletes in the coming contest. The club that wins the trophy three times becomes the owner for good.

# LAST MEETING AT HAYWARDS

The Roosevelt-Fairbanks Republican Club of Haywards, closed the campaign in Alameda county last night with a rousing rally and smoker at the Haywards opera house. When Chairman H. C. Brunner introduced the first speaker, the large auditorium was packed to the doors. Before the meeting, the Foresters' Band gave a concert.

Attorney Asa V. Mendenhall, the speaker of the evening, predicted a sweeping victory for the Republican ticket and urged the voters to aid in giving a big majority to the heads of the ticket. Roosevelt and Fairbanks, he said, for the local candidates as well. A short address, the last of his campaign, was made by Joseph B. Knowland, candidate for Congressman of the Third Congressional District. Short talks were made by C. A. Snook, E. K. Strowbridge, P. J. Crosby and F. J. Lennox.

# M'CLYMONDS TALKS ON IMPROVEMENTS

Superintendent McClymonds lately visited the schools of the principal Eastern cities, paying especial attention to the light and ventilation of these structures. In the course of his talk he gave many helpful suggestions, and his talk was greatly applauded by the club women who were present.

# WOULDN'T FIGHT JOE GANS.

BRITT REFUSES TO MEET THE NEGRO AT 134 POUNDS RINGSIDE.

Out of the East there came last night word that Al. Herford had posted \$1000 to bind a match for Gans with Jimmy Britt at 134 pounds ringside. When the news was conveyed to Britt he said:

# SIX CENTS A MEAL AT PRISON

Chief of Police Hodgkins' report of the city prison for October, as presented to the City Council last night, shows that prisoners are still being fed there at the average rate of six cents per meal. It is as follows:

Number of prisoners on hand October 1st, 38; average per day during month, 51; number of meals furnished prisoners, 1515; cost of provisions, \$197.59; cost per prisoner per day, 12 cents; per meal, 6 cents.

# JAPANESE WARSHIP IS BLOWN UP

SHANGHAI, November 8.—It is reported in British naval circles that a Japanese man-of-war has been sunk by a mine off Port Arthur.

# ENTRY LIST IS OPEN.

SHEET FOR FIRST DAY HANDICAP WILL CLOSE FIVE DAYS BEFORE TURKEY DAY.

The entry list for the opening handicap at Ascot Park on Thanksgiving Day is to be held open until five days before the race. This action is taken by the club because heretofore an early closing has not only kept out many good horses whose owners were not sure of their ability to reach the park but has kept out many late arrivals also. It is thought by Manager Brooks that this opening handicap will be large under the new arrangement.

Cy Mulkey, the veteran trainer, is at Ascot with a string. Mulkey was formerly connected with the J. Lehigh and has now a string of good horses belonging to half a dozen owners. They are a nice lot. Old stagers are commenting on the appearance of such a large number of youngsters at Ascot. Lillard, of Texas, has two or three promising two-year-olds, Joe James has half a dozen, and there are any number of lone horses being put on the track for the first time there, under one trainer or another. All look good, and it is prophesied there will be some of the best short distance races that the West has seen, run there this winter.

Jockey Sullivan may ride at Ascot again this year. It is said that he has signed with the J. Lehigh and company. Jockey Jay Ransch has left Graham from Paris that he is planning a visit to his mother at Bakersfield for the holidays, and if he comes he will ride at Ascot for a few weeks.

# SWEET MARIE TO START.

WILL TRY FOR RECORD AT LOS ANGELES DRIVING CLUB'S MEET.

The matinee of the Los Angeles Driving Club, to be given at Agricultural Park on Thanksgiving Day, will have two great attractions in Sweet Marie, the country's champion trotter of the year, and in Brine. K. the best proven miler seen in action on the Pacific coast, this year.

Sweet Marie will be the bright particular star of the matinee, and will trot an exhibition mile driven by her owner, William Garland.

In thirteen starts in the East this year, she was first twelve times and once tied. She trotted forty-one heats, won twenty-seven, and had a lead heat. She trotted twenty-one heats, made the following records: Season's fastest heat for mares, 2:04 1/4; equaled world's record for mares in a race, 2:03 1/4. She will go to the average time of her best heat, faster than 2:10 was 2:07 1/4. In her fastest heat, she was first in a race, 2:03 1/4. She trotted two heats slower than her starting record of 2:10, and her total winnings were \$2,345. 2:05, 2:08 1/4. She has gone through the year, she is six years old, sixteen hands high, and weighs about 1300 pounds. She will go to the exhibition mile at the coming matinee to beat Princeps' record of 2:09. The Driving Club members are making extra preparations to give her a rousing reception on turkey day.

SEVEN OF HARRY STOVER'S STABLE APPEAR AT THE LOCAL TRACK.

There were no Eastern arrivals at the local track yesterday, but seven of Harry Stover's horses put in appearance from Petaluma. Of course Kenilworth is the star of the stable. The big brown animal is in great form and Stover says the breed winner must be in his second childhood.

# WILLIAMS' PLUG NEW FOOTBALL IS SOLD.

SYDNEY PAGET'S "WINNING" IS DISPOSED OF TO SOME UNKNOWN.

Frank L. Perley, the horse which was beaten in a match race at Morris Park, in which his owner, Tom Williams, rode him against Sydney Paget's Ralbert, was sold at the Jamaica track to some unknown for \$80. One of the conditions of the match made by the two men was that the winner was to take the horse of the loser, but that the loser had the right to purchase his horse back for \$1,000 within thirty days' time if he chose to do so. The Paget mount won in a walk; Williams made no effort to get his horse back.

The first bid was \$15, and from that time to the end Auctioneer Easton had troubles of his own in coaxing bids from horsemen present. Perley took Williams \$4,600 as a yearling, and he took part in only one race, that against the Paget horse. He is four years old and was reserved without racing until that age, because Williams was under the impression the horse could show to better advantage if he was not raced until he was four or five years old.

FOOTWEAR MAY REVOLUTIONIZE THE ART OF DROP KICKING.

A new football shoe, invented and owned by Walter Eckersall, the little University of Chicago drop-kicking quarterback, may figure strongly in the outcome of the Chicago-Michigan game, at Ann Arbor, Saturday. Stagg's team generally believes the footgear will revolutionize the art of goal-kicking. He divulged his secret today, and declared that the shoe will not only make possible almost absolute accuracy, but that by its use, from ten to fifteen yards is added to a kicker's range. "Eckersall" has proved his claims during the past week, when he was successful in 90 per cent of his kicks, each of them carrying farther than his previous performances.

The shoe differs principally from the conventional style in that it has a square (rigid) box toe. The toe is wide, and instead of converging, the sides of the sole are nearly parallel, giving an oblong effect. The sole is perfectly flat, enabling the shoe to catch the ball at the lower point, sending it higher than ordinary soles. The uppers are very light, and the cleats small but strong. Eckersall declares that he never had as light a shoe, and that the advantages for drop kicking do not lessen its value for punting and running.

# HERE'S JOHNSON'S CHANCE.

COLORADO CHAMPION CAN SECURE FIGHT WITH ROBERT ARMSTRONG.

Here is a chance for Jack Johnson. If the colored champion desires a battle and a little simple money, let him communicate with Johnny Mack of New York, who is willing to make a match with Bob Armstrong, the negro heavyweight, who is now on his staff. Mack also has Danny Duane, who is willing to meet Britt at 133 ringside.

# WANTS ANOTHER FIGHT.

JOHNNY REAGAN ANXIOUS TO AGAIN MEET FRANKIE NEIL.

Johnny Reagan, the Brooklyn bantam, is seeking another match with Frankie Neil. Reagan once fought Neil to a twenty-round draw in San Francisco, and believes that in another meeting he could knock the Pacific Coast championship on the shelf.

Just at present, however, Neil is busy thinking about another match with Jess Bowler, the Englishman who gained a decision over him recently, and the offer of Reagan will have to hang in the air.

# SECRET PRACTICE FOR TEAM.

STANFORD'S FOOTBALL SQUAD IS NOW WORKING IN EXECUTIVE SESSION.

Stanford's big football squad went into secret practice last night for the first time this season. No one was admitted to the grounds, and great precaution was taken to prevent prying eyes from watching the plays. Hereafter the men will be taken into the gymnasium every night and put through a rapid-fire signal practice for an hour or two. On Friday afternoon of this week the varsity will give an open practice, when for a few minutes the successful candidates will go over their signals for the last time before the intercollegiate struggle with the eleven from the University of California.

On Saturday morning the players will go to Berkeley and at 2:30 o'clock the fourteenth annual football game will take place on the California campus. The final team will not be picked until Friday. The men who are playing on the varsity now and who seem quite likely to maintain their positions are: Captain Clark, left end; Spott, left tackle; Thompson, left guard; Hyde, center; Roosevelt, right guard; Shields, right tackle; Smith, right end; Buschbach, quarter; Dole, left half; Chainers, right half and Weller, fullback.

# MUST LOSE MUCH FLESH.

"YOUNG CORBETT" HAS TO INDULGE IN STRIPPING PROCESS.

As it is nearly a year since "Young Corbett" has engaged in a battle the fight fans are wondering whether the former champion will be able to get down to the required weight for his mill with Battling Nelson in the last week of this month. "Corbett" has taken aboard a whole lot of superfluous flesh and has many pounds to strip off. It's going to require some hard work and the question is: "Will the ex-champion be strong at the conclusion of the stripping process?" Nelson is a hard nut for "Corbett" to crack. He is a strong youth and has a style that is all his own, also a blow in either glove. It will not do for "Corbett" to enter the ring in the condition that he met Hanton for the first time.

# COLONEL SURE OF SUCCESS.

National Committeeman Says Parker Spoiled Any Chance He Had.

CHICAGO, November 7.—Republican National branch headquarters were quiet today. National Committeeman New was at his desk, but his callers were few.

"I am as confident of the success of the Republican National ticket as though the votes had already been counted," declared Mr. New. "If Judge Parker ever had a chance in the world to be elected he spoiled it himself."

As to the probable vote on the National ticket in Illinois, Colonel New would not hazard a prophecy.

"The count only will tell, but I am satisfied that the plurality for Roosevelt and Fairbanks will be ample."

# GEO. FITZGERALD GOVERNMENT CASE REPLIES.

MAKES A STATEMENT ABOUT SPRINKLING STREETS IN MARCH.

EDITOR TRIBUNE—Dear Sir: I note that in your issue of the 5th inst. Supervisor Mitchell in a speech at West Oakland denied that the roads in his district were sprinkled by cart during the month of March. When rain fell on twenty-two days out of thirty-one, as stated in the "Tax-payer Appeal," but disputed no other item. He also denounced one Stuart MacMullan as being the author of said paper. "If Mr. MacMullan is the author of the 'Tax-payer Appeal' but disputed no other item for his ability and accuracy as I had personally verified many of the statements therein contained and I have been informed by several county officials that every material statement is correct. "I have since investigated in regard to sprinkling above referred to during last March and find in the annual statement of the Board of Supervisors, page 5, this charge: 'Sprinkling in Ocean View Road District for month of March, 1904, the sum of \$43.32.' "I take this opportunity of thanking my many friends and supporters for their loyalty and assistance and I sincerely hope that they will never have cause to regret their action. "Thanking the press for its fairness, I am, yours truly, "GEORGE FITZGERALD."

# ARREST CHINESE STOWAWAYS

TACOMA, November 7.—Seven stow-away Chinamen, evidently bent on smuggling their way into the country, have been arrested on the steamship Tremont by the immigration officers and Chinese inspectors.

Besides the seven coolies the officers also took into custody the first boat-swain himself a Chinaman. The inspectors believe he is the ringleader of the gang. The case is under investigation before Inspectors Fulton of Tacoma and Steele of Seattle.

# JANEIRO DECISION IS FINAL

Supreme Court Refuses to Review the Suits For Damages.

WASHINGTON, Nov. 7.—Chief Justice Fuller, in the United States Supreme Court today announced that the court has refused a writ of certiorari in the case of the Pacific Mail Steamship Company vs. Sarah Guyon.

The case involved the question of damages on account of the wreck of the passenger steamer City of Rio de Janeiro, which sank off Golden Gate at San Francisco in 1901, carrying down 120 persons, including Consul-General Wilder.

The case was a test one and it was charged that although twenty minutes elapsing after the signal minutes before the catastrophe occurred, only one boat was floated. This the ship company claimed was due to the fact that as many members of the crew were Chinese, they could not understand the orders given them, but the court refused to limit liability on this account.

The purpose of the petition for a writ of certiorari was to bring the case to the Supreme Court for review and the denial has the effect of making final the decision of the Circuit Court of Appeals for the ninth circuit, which was favorable to the passengers.

PARIS, Nov. 7.—The sensational trial of Colonel Dautrich and Rollin and Captains Francois and Mareschal officers attached to the military information bureau charged with appropriating funds which were used to secure evidence against Dreyfus, came to an abrupt end today, when the government announced that it had abandoned the case.

The result is attributed to the evidence of General the Marquis de Galliffet, former minister of war, exonerating the accused officers.

# CALIFORNIA FOR ROOSEVELT.

SAN FRANCISCO, November 7.—The campaign has practically closed in this State although a few meetings are to be held tonight. The contest has been conducted quietly, but much interest has been manifested.

Chairman Stone of the Republican State Committee claims California for Roosevelt by at least 50,000 while Secretary Walsh of the Democratic State Committee says he expects a plurality for Parker.

The Republican managers say that they will elect Congressmen from the eight districts of the State, but the Democrats assert they will carry at least four districts.

# F. J. MOFFITT ON THE ROAD WALSH'S TO RECOVERY REPLY TO DALTON.

He Has Been Dangerously Ill, But He Has Greatly Improved and is Growing Better Rapidly.

Former Senator Frank J. Moffitt, who has been dangerously ill for the past ten days, has taken a turn for the better and is now on the mend.

His condition has very much improved within the past two days and his physicians are confident of his speedy recovery. His state was critical last week, and his many friends were very much alarmed for the outcome, but the crisis has now passed and he is steadily growing stronger. Since Saturday he has been able to see and converse with many friends.

While still very weak from his illness, Mr. Moffitt is steadily regaining strength, and with returning strength is becoming more cheerful. Since he has been able to see his friends, his spirits, which were much depressed have risen, and the physicians say his symptoms are all encouraging.

# TROUBLE FOR THE SENIORS.

Will Not Be Able to Secure Their Diplomas.

BERKELEY, November 7.—That serious consequences are to follow for some of the students who participated in the riot in defiance of military orders at the University of California last Wednesday, developed today when notices were sent to a number of senior informing them that on the recommendation of Captain J. T. Nance of the United States army, their names had been dropped from the roll in Military 2 A. They have been given until Wednesday to make a defense in writing, if they have any defense to make.

As the completion of the course is necessary for graduation, dismissal from the class means that there will be no diplomas for the students who led the riot.

Inasmuch as President Wheeler was at first inclined to make light of the student disturbance, the notices that have been sent out have come as a surprise and have caused consternation among the seniors.

A committee from the class, led by Gustav White and Joseph Loeb, attempted to hold a conference with Captain Nance regarding the affair, but he declined to listen to any oral discussion of the matter.

"This is official business," he said, "and everything must go on record. If he has anything to say, it must come in writing and will be placed on file."

The letter that has been sent to the students recommended for dismissal by Captain Nance, is as follows:

"My Dear Sir:—It has been recommended to me by the head of the Military Department that our name be dropped from the list of students in Military 2 A. If you wish to show cause why this should not be done, you are allowed at an time before noon on Wednesday, the 9th, to present to Captain Nance any written statement you may choose to make of your action in connection with the class in Military 2 A on the afternoon of November 2. Ver sincerely yours,

"BENJAMIN IDE WHEELER."

President Wheeler today stated that the action being taken was under the direction of the military department.

"The students did not know that they were dealing with a War Department order," he said, "when they acted as they did last Wednesday. This is unfortunate, as there will be no yielding in this matter. The Government is as firm as a stone wall in affairs of this kind. The letters that have been sent out are regular routine. We have notified all those students who Captain Nance has recommended for dismissal from his class, that they can make a statement of their side of the case to him. Joint Faculty Regulation No. 17 provides that all accused students shall be given a hearing before final action is taken."

As yet the names of the students who Captain Nance intends to discipline have not been given out.

The military orders that caused the students to rebel were issued by Captain Nance in order to preserve order in his class in military tactics. They were part of the regulation laid down

by the War Department for the governing of such lecture courses in schools where military science is taught.

The disturbance was participated in by nearly a thousand students and Professor W. A. Sechell, a member of the Students' Affairs Committee, who attempted to stop the riot was jeered and dirt and clods thrown at him.

The students who took part in the disturbance are now heartily ashamed of their actions, actions, but this has evidently had no effect on the decision of Captain Nance to punish the ring leaders in the affair.

# ROBBED BY HER HUSBAND.

SAN FRANCISCO, Nov. 7.—Only three days after her arrival in the city from Chicago, Mrs. Ora Bowers was deserted by her husband and brother-in-law, who took \$3,200 of her money and all her personal property. Mrs. Bowers has appealed to the police to locate the missing pair, and in the meantime she is compelled to throw herself on the mercy of a kind lady until funds can arrive from her relatives at Carbondale, Illinois. She has telegraphed to them for transportation home.

Mrs. Bowers is suffering from heart trouble and is generally broken down physically. She thought that the California climate would build her up and here, telling her to come out here, telling her money in a good place, he had left her. He insisted on having his brother-in-law accompany them. When the woman was married to Harley Bowers she had \$9,000, but he has extravagant tastes and the \$3,200 was all that was left of the fortune.

Detective Coleman is on the case and he declares it to be his belief that Bowers and his brother plotted when in Chicago to get Mrs. Bowers out here and then take a sudden departure with her money. They didn't even leave her pocketbook containing about \$5 in small change.

# PILLSBURY MAY BE NAMED

SACRAMENTO, Nov. 7.—The statement has been made in this city that A. J. Governor Pardee was interviewed upon the subject but declined to have anything to say. His position is an important one, and pays \$2,000 a year.

# WATER CASE IN CIRCUIT COURT.

SAN FRANCISCO, November 7.—The United States Circuit Court today postponed the hearing of the demurrer of the Contra Costa Water Company to the answer made by the city in the water rates suit until Monday next. At that time it is thought that the demurrer of the water company will be argued. The water rates suit will not go to trial on its merits until the demurrer has been argued.

# MENAGERIE FOR ROOSEVELT

NEW YORK, Nov. 7.—Two lions, two monkeys, two ostriches and a zebra, which were presented by King's snake of Abyssinia to the President of the United States, arrived here on the Atlantic transport liner Minneapolis from London. One lioness died during the voyage.

EDITOR TRIBUNE: Mr. Henry P. Dalton, who seems to have taken upon himself the office of general adviser to the public, is out in a circular on the very last day of the campaign instructing the citizens of this district how to vote for Assemblymen.

Mr. Dalton advises them to vote for Mr. Billy O'Brien and against me.

He alleges that Mr. O'Brien is a Republican and will vote for a Republican for the United States Senate. I will express no opinion of the value of the security. As for the collateral, it is no better than Mr. O'Brien's word.

Mr. O'Brien is the nominee of the Union Labor party and will, of course, vote—if elected—as the caucus of that party dictates.

Otherwise he will be false to the people who nominated him and whose votes he expects to receive at the polls. Mr. Dalton's assurance, therefore, convicts Mr. O'Brien of treachery to the party whose candidate he professes to be.

I am the regular nominee of the Republican party for Assemblyman in the Forty-eighth district, and will go into a legislative caucus to nominate a Republican candidate for the United States Senate. I will vote for whomever that caucus nominates. Will Mr. O'Brien? He will have no standing in a Republican caucus, and may vote for some such Republican as himself for the Senate.

Mr. Dalton says I should not be elected because I attacked Governor Pardee on the floor of the Assembly during the last session. He neglects to state that I supported all the administration measures before the last Legislature, and that I am at the present time on the most friendly terms with the Governor and am in hearty accord with his policy. Moreover, I never attacked him, as Mr. Dalton says, but, on the contrary, have always treated him with the respect due to his high office and to him personally as a citizen and leader of the Republican party.

I am confident Governor Pardee will cordially endorse this statement. It is not true, as Mr. Dalton states, that I drew two salaries during the last session. While I was absent at the Capital and receiving pay as an Assemblyman my place as Deputy District Attorney was filled by another, who drew the salary and performed the duties that would have fallen to me.

## Why We Feel Glad.

There is a general sense of thankfulness at the close of every Presidential campaign. "I am glad it is over," is an expression heard on every side when the end comes. This marks the longing for calmer moods and a more rational way of looking at public men and public affairs. During a Presidential campaign men insensibly get their passions, their prejudices and their fears aroused, and in so doing lose something of their poise and placidity. A fever gets in their blood. They magnify and distort acts and incidents, and the spirit of partisanship blinds them to the faults of their party associates and the virtues of their opponents. Gradually they get into an excitable frame of mind that creates a mental tension. This gets to be wearing on the nerves in time, and nature cries out for a rest. So when the last rally ends, the last speeches are spoken, and the balloting is done, there is a sigh of relief, an unconscious return to the normal state; the mind resumes its saner and more placid quality, and there is an inclination to laugh at the hysterical manifestations, the frenzied appeals and the intense emotions of a few days before. Then comes a realizing—a saving—sense that a good deal of dust has been talked and a deal more of energy wasted. The country has not been saved; it has simply worked itself into a spasm in deciding what course is the best to pursue, which of two policies will better serve the public interest and promote national happiness. The parades, fireworks and spellbinding on the stump are a vent for earnestness and steam escapes from the white heat of popular thought. The shouting shows only that the crowd is moved by some deeper, stronger thought, but it exuberates even the calmer temperaments and makes the feeling of exaltation and exultation general. When the shouting of the captain dies, and the campaign torches are thrown away, the campaign badges discarded, and the campaign orator wraps his cloak about him and departs, we are all glad—glad the business is done, glad that we are to have a rest, glad that we can again pick up a newspaper without being confronted with glaring political headlines, glad that we can meet our neighbors again as friends and companions without thinking of them as political allies or enemies. If we lose, we are glad to think the result is not half as bad as it might have been and that the consequences will be nothing like as mischievous as we anticipated. If we win, we are glad of it, and gladder still in the consciousness—or belief—that it is the best thing that could have happened for the country. And we rejoice still more that we are alive, for the sun seems brighter and nature more serene after a general election.

The Oakland baseball team ranged up alongside the leaders about the time Alameda got ready to give a banner Republican majority.

## Minnesota Wheat Deteriorating.

Minnesota millers, as well as the millers of California, are complaining of the deterioration in the quality of wheat grown in their territory. Growing wheat on the same land for a great many years has produced an inferior quality of grain. While the yields are somewhat reduced, the crops continue to be fairly good, but the grain is losing its weight and virile quality. Recently one of the great Washburn mills at Minneapolis was put under bond that it might mill Manitoba wheat for export without having to pay the import duty on the grain. This tells its own story. Minnesota farmers must diversify their crops, fertilize their lands and improve their methods if they are to continue growing grain on a large scale. In California active steps are being taken to secure the production of a better quality of milling wheat, but these efforts can only arrest for a time, they cannot stop the irresistible tendency of California agriculture to turn away from wheat growing. Large quantities of wheat will continue to be produced in this State for many years to come, but the growing of wheat will continue, year by year, to become less and less of a dominating branch of agriculture here. California soil is getting too valuable to sow to wheat. It has such possibilities for profit in other branches of production that grain growing is being gradually abandoned as a necessary consequence. The choicest lands in the State are being devoted to other uses than growing wheat, which is being distinctly discouraged by the irrigation movement. In Minnesota the farmers find it hard to compete in wheat production with the newer and cheaper lands of the Canadian Northwest, which produce more abundantly a better quality of grain. As land value rises wheat production diminishes. That has been the lesson of agricultural history all over this continent.

The order issued by United States Judge Marshall restraining the Citizens' Alliance of Colorado from deporting men and boycotting all who refuse to obey its behests is an evidence that the law affords a remedy for such abuses as those practiced by Governor Peabody and General Bell. If the laws of the United States are impotent to prevent such despotic and illegal use of the military power of the State as has recently been witnessed in Colorado, then every Governor of a State can declare himself a dictator whenever he sees fit. The whole civil law can be abrogated at a moment's notice by the fiat of the executive and a military despotism substituted. However, the contention that the Federal courts are powerless to redress such outrages appears to be ill taken, if Judge Marshall has not overstepped his jurisdiction. In a constitutional government there should be a legal remedy for every wrong.

The news from West Virginia indicates that the tapping of Uncle Henry Davis' bar has caused some queer manipulation of the registers. It seems that the Democratic managers of Pittsburgh have been called on to ship men to West Virginia to vote the names on the register. Verily the political reformer is called on to do some queer work occasionally.

The result of to-day's election will prove that it is not the unexpected that always happens.

It is to be hoped that David B. Hill will now keep his word and retire from politics.

## Roosevelt and Harvard Professors.

President Roosevelt is an alumnus of Harvard, hence the poll of the professors of that institution is not without general interest. It shows that there is a Roosevelt majority of six or seven, President Eliot, President, as a low-tariff Democrat, being pronounced in favor of the classed. It may seem odd that the teaching force of the chief educational institution of New England should be so nearly equally divided politically, considering the heavy preponderance of Republican sentiment in the Northeastern States, but Harvard has always been strongly impregnated with free trade sentiment and the faculty has generally been opposed to the policy of expansion. Harvard was against the annexation of Texas, the Gadsden Purchase, the Alaska Purchase, and the acquisition of the Philippines. Many of its professors, notably Charles Eliot Norton, supported Bryan against McKinley on the issue of imperialism. Harvard was strongly for Cleveland in all his

campaigns, and still regards him with devotion. Under the circumstances it is more surprising than otherwise that a majority of the professors should be in favor of President Roosevelt. An overwhelming majority of the students are in favor of the President.

It has not been such a strenuous campaign after all.

To-morrow Tom Watson will know to a certainty what Georgia thinks of favorite sons.

## PHOTOGRAPHS OF THE EYE.

Dr. Walther Thorne of the University Eye Clinic in Berlin, has devised an apparatus to obtain good photographs of the background of the eye. Dr. Thorne's contrivance constitutes an improvement

of the ophthalmoscope invented by Helmholtz in 1850, which only admits of looking at the background of the eye. It has been impossible heretofore to photograph the interior of the eye, it is difficult to illuminate it sufficiently, and even if strong light were used the exposure would last too long.

## IT IS SERIOUS

Some Oakland People Fail to Realize the Seriousness

The constant aching of a bad back, the weakness, the tired feeling, the pain and aches of kidney ill are serious—if neglected. Dangerous urinary troubles follow. An Oakland citizen shows you how to avoid them:

Mrs. Peter Holmes, 618 Sixth street, says: "Mr. Holmes has gone to Alaska on a salmon fishing boat and will not return for some months. Shortly before he went away his back ached so he could not work, and I honestly believe it had not been for the use of Doan's Kidney Pills obtained at a drug store he would have been unable to make the journey. Mr. Holmes had attacks of backache for many years. At first they were mild but with the passing of time they came more frequently and were much more acute. The last one was very severe, and when Doan's Kidney Pills stopped it and enabled him to return to work, to say we entertain a very high opinion of the preparation mildly expresses the facts."

of the ophthalmoscope invented by Helmholtz in 1850, which only admits of looking at the background of the eye. It has been impossible heretofore to photograph the interior of the eye, it is difficult to illuminate it sufficiently, and even if strong light were used the exposure would last too long.

Dr. Thorne first obtained photographs of the eyes of cats, but the interior of the human eye being much darker it required many impressions before good photographs could be taken. With the soft light the eye is clear so focused that a single exposure will give a clear photograph. The plate put in the camera is opened by a pedal lever, and a flash of light is thrown on the eye. The background of the eye is lighted for a moment sufficiently to produce a good image on the plate. It is possible to distinguish healthy eyes readily from sick ones, the eye of a strongly short-sighted person being, for instance, characterized by a peculiar ring around the illuminated center. Oculists may now watch the progress of eye diseases step by step.

MURDEN, Via Pekin, November 8.—Artillery fire was continued all along the lines on Monday and intermittent this morning. A battle might commence at any time. It will be a question of many days. It is not weeks to decide the position, which is the most interesting since the commencement of the war. Each side is waiting for the other to attack.

EMBARRASSING SORT OF BUSINESS  
A birth insurance company has been organized in Boston. Women who hold policies will be paid \$2.50 to \$500 on becoming mothers. While it may seem somewhat peculiar to regard as a fire or a death that which has hitherto been certain as a liability as well as an asset to a family of limited means, and the baby insurance company will doubtless prosper. Solicited for such an organization might have its embarrassing features.—Louisville Times.

## CARPENTERS HOLD MEETING.

DISTRICT COUNCIL IN SESSION—HALL SECURED FOR UNION GATHERING.

Last night the District Council of Carpenters held its regular meeting in California Hall. A resolution was passed to have a telephone set up in the carpenters' assembly room for the use of the union. I. Overton, E. Thompson and R. West, the secretary, were appointed as a committee to make arrangements for the installation of the instrument.

The business agent, E. Thompson, was instructed to visit the Central Labor Council then convening in Cooks and carpenters' hall and inform them of the carpenters' grievance against a certain furniture factory.

The meeting then adjourned after finishing the ordinary routine business. MEETING AT PLEASANTON.  
An open meeting of the union carpenters of the neighborhood was held at Pleasanton Saturday evening. The object was to promote a friendly feeling between the citizens and the unions, as there has been a slight difference of opinion in the past. The speaker of the evening was President Boardman of the Oakland District Council. Several Oakland union carpenters were present, three from the District Council, seven from No. 35, and two from the Fruitvale union.

UNION NOTES.  
The Central Trades Council met last night in Cooks and Waiters' Hall. The committee on securing a building for the union met and made arrangements for renting Gray's Hall, 17 Bowen and G. K. Smith consulted the committee taken in regard to the furniture factory.

## WE'RE MARRIED IN SECRET.

ALAMEDA COUPLE FINALLY MAKE ANNOUNCEMENT OF WEDDING.

ALAMEDA, November 8.—A wedding which took place in secret, and which had already been solemnized at the time the engagement of the couple was announced, has just been made public.

About a month ago the engagement of Miss Elizabeth M. Johnstone and Fred Bell was announced at which time Miss Johnstone stated that Mr. Bell had urged an immediate marriage, but she would not consent to become his wife until January, in order that she might have time to prepare her trousseau. It now develops that the young couple were secretly married at San Rafael on Sunday by Justice of the Peace W. F. Magee, before their engagement was formally announced.

On Saturday Mrs. Bell took up their residence with Mr. Bell's former mother-in-law, Mrs. Moulthrop, at 782 Ellis street, San Francisco. Mr. Bell's first wife died nearly a year ago, leaving a boy 6 years old, who lives with his mother, Mrs. Moulthrop. Mrs. Bell has been teaching at the Longfield school here. She resigned her position at Friday, but did not mention that she was married. Fred Bell, who has plenty of money, is the son of Mrs. Johnstone Bell, and the heir of "Mammy" Pleasant.

Worst of All Experiences.  
Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Secatur, Ala. # GENERAL NOGI WANTS THE RUSSIANS TO SURRENDER.

## Sends a Letter to the Czar's Men Asking Them to Quit Port Arthur.

CHEFOO, Nov. 8, 5:30 p. m.—The Japanese are ignoring General Noe's letter and have offered terms of surrender to the Russian soldiers at Port Arthur according to advice which left Dally yesterday and reached Chefoo today.

Meanwhile, the ceaseless activity of the Japanese with picks and spades and the gradual advancement of the Japanese entrenchments spell inexorable fate to the watching Russians.

### RUSSIAN PRISONER.

A Russian prisoner who was captured on October 26th, said that the Russian soldiers were in want and had become despondent, as they saw the hopelessness of the struggle. They had, he said, given up all hopes of relief either from General Kurapatkin or the Second Pacific Squadron. Food was scarce, hospital supplies were insufficient, and the Russian soldiers, according to the prisoner, could see no reason why they should prolong a resistance which would bring glory to their officers, but chiefly hardship and death to them.

### NOGI'S LETTER.

Upon hearing this prisoner's story, General Nogi called the members of his staff together and briefly discussed the situation with them. Then under the light of a bicycle lantern General Nogi drafted a letter to be circulated among the soldiers themselves, the prisoner having promised to deliver it in mercy to his comrades.

This letter related the details of General Kurapatkin's retreat and his inability to make any impression on the forces of Field Marshal Oyama, to say nothing of his inability to break through Japanese lines for the purpose of relieving Port Arthur. It told how the Russian Second Pacific Squadron

plows being rolled down into their trenches, the Japanese have made ranges out of hillocks of earth above the trenches.

Five Russian mine-sweeping steamers have been sunk by Japanese shells.

## EMERSONIAN CLUB ELEGTS OFFICERS

An election of officers was held by the Emersonian Club last Friday evening in the club rooms. After the election the members were served with refreshments provided by Mrs. C. C. Lombard, the founder of the club. Short speeches were made by Dr. Duder Smith, Mr. and Mrs. Lombard, Harold Graham, Clyde Magill, Arthur Thomas, Harold Dick, Henry Miller and Mr. Darling. George M. Hardy acted as toastmaster.

The following officers were chosen: President, Hugh Miller; vice-president, Harold Graham; secretary, Harold Dick; treasurer, Chester Darling; club correspondent, Arthur Thomas; librarian, Clyde Magill; sergeant at arms, George M. Hardy; historian, Mr. Thomas.

SALOONKEEPER RAISES A ROUGH HOUSE AT CRIPPLE CREEK.

CRIPPLE CREEK, Colo., November 8.—Ed Doyle, a saloonkeeper, was shot and slightly wounded this morning by Constable O'Leary at the Midway election booth.

Doyle had assaulted Mrs. Kennedy, a Democratic judge, slapping her face and tearing her clothing.

The constable interfered to protect Mrs. Kennedy and was severely beaten before he shot Doyle.

# REV. FATHER P. C. YORKE LECTURES AT FAIR.

## Delivers Interesting Address on Duty of Catholics to Support Their Own Institutions.

The Rev. Father Peter C. Yorke of St. Anthony's Church, East Oakland, delivered an interesting address last evening in San Francisco at St. Brigid's Church Fair. Father Yorke's subject was on Catholics' duty to support their religious institutions. He spoke as follows:

**FATHER YORKE'S ADDRESS.**  
"There are some wells, my dear friends, which never run dry, and one of those wells is the well from which hot air comes. I thought that by the tremendous demand upon that commodity during election week, there would be none of it left, but whether it is that Father Rodgers brought it down from the breezy uplands of Tormore, or whether he is capable of engendering an indefinite amount of it himself, he has plenty of hot air. I have a grievance against Father Rodgers, but it is a pleasant grievance in a certain way. He put in the paper that I was coming here to deliver you a lecture. The man who would make a lecture at the fair, a lecture at a fair, would be put outside of the church when living and deprived of a Christian burial when he dies. (Laughter.)

"You all know what a fair is for. In a fair there are two sexes—the workers and the worked. The people here who are engaged in the booths are here simply for the purpose of a parting you from your hard-earned coin. Any one who would spend his time in talking to you about citizenship, or any other old thing, would be simply going against the idea for which a fair was established. You may make up your minds therefore that I have not the slightest intention of talking to you to-night about citizenship, and I never had any such intention, and I assure you that Father Rodgers shows a very poor appreciation of how to run a fair when he thought he would get a crowd here by telling them there would be a lecture. All the lecturing will be done at home, and it will be in a lecture of a certain lecture, it will be the lecture your own lives will give you when you get home if they find any money in your pockets, and they will ask you why in the name of common sense and common decency you did not leave it at St. Brendan's fair.

**HAVE TO SUPPORT CHURCH.**  
"You understand that in a country like

Mrs. Anderson, a prominent society woman of Jacksonville, Fla., daughter of Recorder of Deeds, West, who witnessed her signature to the following letter, praises Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—There are but few wives and mothers who have not at times endured agonies and such pain as only women know. I wish such women knew the value of Lydia E. Pinkham's Vegetable Compound. It is a remarkable medicine, different in action from any I ever knew and thoroughly reliable.

"I have seen cases where women doctored for years without permanent benefit, who were cured in less than three months after taking your Vegetable Compound, while others who were chronic and incurable came out cured, happy, and in perfect health after a thorough treatment with this medicine. I have never used it myself without gaining great benefit. A few doses restores my strength and appetite, and tones up the entire system. Your medicine has been tried and found true, hence I fully endorse it."—Mrs. R. A. ANDERSON, 223 Washington St., Jacksonville, Fla.

Mrs. Reed, 2425 E. Cumberland St., Philadelphia, Pa., says: "DEAR MRS. PINKHAM:—I feel it my duty to write and tell you the good I have received from Lydia E. Pinkham's Vegetable Compound."

"I have been a great sufferer with female trouble, trying different doctors and medicines with no benefit. Two years ago I went under an operation, and it left me in a very weak condition. I had stomach trouble, backache, headache, palpitation of the heart, and was very nervous; in fact, I ached all over. I find yours is the only medicine that reaches such troubles, and would cheerfully recommend Lydia E. Pinkham's Vegetable Compound to all suffering women."

When women are troubled with irregular or painful menstruation, weakness, leucorrhea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, flatulence, general debility, indigestion, and nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

The experience and testimony of some of the most noted women of America go to prove, beyond a question, that Lydia E. Pinkham's Vegetable Compound will correct all such trouble at once by removing the cause and restoring the organs to a healthy and normal condition. If in doubt, write Mrs. Pinkham at Lynn, Mass., as thousands do. Her advice is free and helpful.

No other medicine for women in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

**\$5000** FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

there are a lot of people who sit on the fence and criticize their friends. The ladies in charge of the fair go out into the arena, and have all the hard work to do. Their reward is that they are doing it for the benefit of the church and for the honor of God. You men should help them.

"I know that some of you here would die if I asked you to go out and sell a ticket. It is a hard job to sell a ticket, but I know that you can make a good deal of money. Do not imagine it is easy for them. I know that many people give the black looks when they should be received with a welcome. Help them as much as you can to make a good return to their pastor, and let this fair be an epoch in St. Brendan's parish. You have lost one of the best of our ever set foot on the streets of San Francisco—Father John Nugent; he has gone to what they call a higher plane, and I believe he thinks today it is a better place. I think his heart is up on the hill here yet. You can make a man who gave me the compliment of hot air which he gave me; I shall not describe him as the chairman of the meeting, but as the chairman of the fair. I think you have known him long enough to know he is a worthy successor of Father John."

# WRIGHT UNDER ARREST.

Ex-Deputy Will Have to Answer Charge in Court.

SAN FRANCISCO, Nov. 8.—George Wright, the lately resigned chief deputy under Collector of Internal Revenue John C. Lynch, in whose accounts a shortage of \$4,000 has been found, appeared at the office of United States Marshal Shine at 10 o'clock yesterday morning, and asked Deputy Parish if a warrant had been issued for his arrest. No warrant had been issued. He then went into the office of District Attorney Woodworth, but that gentleman was not in. Wright went into the street and came back a little later with Attorney Bert Schlesinger, and the two waited for someone to come and swear to a complaint for Wright's arrest. Mr. McKinley returned, and about half past two o'clock he announced that the complaint was ready. The complaint, which charged that Wright had embezzled \$25 from the Government on August 19th last and \$100 on April 15th was handed to the Commissioner, who prepared a warrant, and Wright was taken into custody. On depositing \$5,000 bonds, he was allowed to go free until next Monday when his case has been set for hearing. The \$25 which Wright is charged with having made away with had been paid to him by J. H. Lang as a special retail liquor tax. The \$100 had come as a tax from Spruance, Stanley & Company. Wright does not seem much concerned about his defalcations, but his young and pretty wife, who in a few days is to become a mother, is troubled deeply.

## PROGRESSIVE OAK- LAND FIRM.

Introduces New Plan of Doing Business. It is always the source of much pride and pleasure for us to note the energy and progress of our Oakland merchants. A sign of prosperity and confidence is always shown when our stores branch out into new channels. Take for example, the California Outfitting Company, of Twelfth and Clay streets, for years the leaders of fashion in ladies' tailor-made garments. These people who, by their low prices and liberal credit system have built up their business in tailor-made garments to such enormous proportions, practically controlling that branch of the credit business in this city, have recently opened two new departments in connection with their present business. Their first department is an innovation for Oakland. Never before have our women been able to select from a complete line of furs of all styles without crossing the bay and helping the San Francisco furriers pay their large rents by asking tremendous profits on their goods. Their new dressmaking department is a new departure not only for Oakland, but for the entire Pacific Coast. In no other city west of Chicago can street and fancy dresses of all kinds be made to order on easy weekly and monthly payments. The California Outfitting Company is deserving of patronage and we sincerely wish them in their success they are entitled to in their new ventures.

### H. S. BRIDGE & CO.

The Popular San Francisco Tailors in New Quarters. The well known and reliable tailoring firm of H. S. Bridge & Co., who for a long number of years were located at 622 Market street, San Francisco, have removed to 113 Sutter street where they have a splendidly appointed place suitable for the lucrative business they enjoy. They are now showing some exclusive patterns in foreign and domestic goods for all and winter, artistic novelties that have just been put on the Eastern and European markets. This popular firm has a large trade from the side of the bay, as their patronage in San Francisco is enormous, being kept constantly busy with a large force to supply the demand for the clothes they make up.

Lemon juice will remove most stains from the hands and grease from kitchen tables. This being the case, it is well to save the squeezed-out lemon used in cookery for cleaning purposes.

# PORT ARTHUR SILENT.

No Official News Comes From the Great Battle Center.

TOKIO, November 8.—Since the last reports from Port Arthur were given out, on Saturday last, no official news has emanated from army headquarters regarding the progress of the besiegers. It is understood, however, that the operations are proceeding satisfactorily, though slowly, as the limestone formations and the rocky character of the ground interferes with the work of the sappers and miners. It is now considered that the capture of Ilihuang mountain and the eastern group of forts of the Kekwan mountain without the securing by the Japanese of Anshun and Izu mountains will be insufficient to force the abandonment by the Russians of the city proper.

## UNIVERSITY CLUB MEETS.

WASHINGTON TOWNSHIP ORGANIZATION HOLDS SESSION AT NILES.

NILES, Nov. 3.—The Washington Township University Club held its quarterly meeting in Niles last Friday evening. Miss Florence Mayhew being hostess. The attendance numbered twenty. After a social hour the meeting was called to order by J. C. Shinn, president of the club, and matters of business were taken up. The principal subject discussed was the plan for interesting the public in tree-planting—especially native California trees—in parks and along the county roads. At the conclusion of business all adjourned to the supper table where another social hour was passed in the enjoyment of the menu. Maxwell McCullough of Irvington, a graduate of the University, and lately returned from educational work in the Philippines, was called upon at the close of the supper to speak of his work and of existing conditions in the islands. In response he spoke in an interesting manner, telling of his experiences during the three years of his stay. Mr. McCullough expects to return to the Philippines shortly for another period of two years and his former friends and class mates in college were glad of the opportunity of meeting him again and hearing of his labors among the natives. The rooms of the Mayhew home had been appropriately decorated in blue and gold in honor of the occasion—yellow chrysanthemums intermingled with blue daffodils, plumage and similar being mostly used. The center piece of the table was an Indian basket resting upon a blue oval and filled with golden poppies. The place cards were made of squares of birch bark gathered by Miss Mayhew on her summer vacation. Brass candelabra, handed down from great-grandmothers lighted the supper table, and a number of the young ladies were dressed in the college colors. Several new members were added to the roll, and the company dispersed at a late hour, voting the reunion a most pleasant and happy affair.

## MAY DIE OF HIS INJURIES.

HARRY KENT IS STILL IN A PRECARIOUS CONDITION.

Harry Kent, the young man hurt by falling from a motor cycle last Thursday is still lying in an unconscious condition at Providence Hospital, where he was taken from the Receiving Hospital. He was employed as bookkeeper for the firm of Leavitt & Bill, cyclists. At the time of the accident, he was riding down Broadway on a motor cycle when one of the forks of the machine broke, throwing him heavily to the ground. He suffered from a concussion of the brain but no fracture could be discovered of the skull. He has lain in a comatose condition ever since.

## RIOTERS DESTROY TELEGRAPH WIRES

## PREPARE FOR GREAT BATTLE.

Scouts Are Out Locating Position of the Enemy.

TOKIO, November 8.—Reports received from the Japanese armies on the Shukhe river state that the opposing forces are strengthening their positions along that river and are otherwise busily preparing for another great battle.

Scouts are constantly in touch and outpost skirmishes are frequent.

There is, however, no likelihood of a general engagement for the present.

The Russian transport service is efficient and troops and guns are constantly arriving to fill the gaps made in General Kuropatkin's forces by the crushing losses at the battle of the Shukhe river.

## SAND, BUT NO WATER.

Court Holds That Well Digger is Entitled to His Money.

Because sand filled up a well after it was bored does not preclude the laborer from having a legal claim for his services, according to a decision handed late last evening by Judge Ogden, in the case of William R. Ward against Christine V. Howkins.

The action was brought by Ward for the payment of his services in boring a well 184 feet in depth on the lands of the plaintiff in Fruitvale. His charge was \$180.80 with costs now of attorney's fees and other expenses to the amount of \$102.70, for which he was given judgment. According to the contract entered into between the parties, Ward was to sink the well until he got a certain flow of water, which he did. Shortly afterwards, however, sand came into the well and filled it up, and the owners of the well then refused to pay Ward for his services. In deciding the case, Judge Ogden says that there was no contract on Ward's part to keep the well clean, or of a guarantee that the well would be a success. He was to bore the well until he reached water, which he did. The claim that the work was not done in a workmanlike manner and was the cause of the sand filling in the well, the court holds was not proven.

#### A BARGAIN.

Burton Holmes, the lecturer, who recently made a tour of A. Asks, was telling of the cost of living in the

Klondike. He said that a newcomer had become accustomed to paying \$1 for a drink, the same price being for a shave, \$2 for a can of beans, fifty cents for a newspaper. So when he went to a dentist one day to have an aching tooth removed he was prepared to pay what would be considered an exorbitant fee back home. "How much do I owe you?" he asked after the operation. "One dollar," said the dentist. "That is the only thing I have found up this way that is cheap," said the man as he paid his bill. "How does it come that the price for dentistry has not been raised along with the price of everything else?" "Oh," replied the dentist cheerfully, "the prices have been raised all right. I usually charge \$5 for pulling a tooth. But, you see, your case is different. The fact is I pulled the wrong tooth."—New York Times.

#### REDUCED RATES.

Dean Hole, the noted English cler-

gyman who died recently, was the leading figure in many humorous stories. On one occasion he was crossing the channel after a visit to the continent, the voyage being very stormy. "After that stormy voyage we have at least one advantage in making the subsequent trip to London. I see the company carries venturing empires at reduced rates."—London World.

ARRANGE FORMAL OPENING  
OF NEW LIBRARY

Provisional Program is Discussed  
at Meeting of Berkeley Public  
Library Trustees.

BERKELEY, November 8.—A formal opening night for the new Carnegie library was decided on last evening at the regular meeting of the Board of Library Trustees. An interesting program will be presented and it is probable that the affair will take the nature of a book social.

The furnishing of the library was one of the principal topics of discussion last night. Estimates were received from various dealers and awards will be made at the next meeting.

The interior woodwork, which will be of oak, was left to the architect's decision as to color.

**INCREASE IN MEMBERS.**  
Librarian D. R. Moore's report for the month of October showed that the membership of the library was increasing, while the attendance was approximately the same.

Circulation—Direct from library 7376, through South Berkeley reading room 1057, through West Berkeley reading room 390; total 8823. Fiction 69 per cent; other classes, 31 per cent.

**BASKETBALL TEAM  
HOLDS A RALLY**

BERKELEY, November 8.—The basketball team of the Berkeley High School met yesterday in a very enthusiastic meeting. Speeches were made by Manager Reid, Captain Bailey and Coach Musgrave.

Those who have signed up for practice are: Alstenport, Roy Miller, Harvey Hestline, G. Gasaway, Harry LaVoy, Calvin Reed, Kellogg McCarthy, Albert Evers, W. Monett, Morelli, H. Parmenter, Richard Johnson, W. S. Hutton, H. Muldoon, W. H. Beedle, Nelson, S. S. Rakestraw, W. C. Larry, H. Morris, Chaucer Elbridge, Russell Welch, Francis Isgrig and H. Henson.

Roscoe Whitman has been elected captain of the team for the next season. He was Berkeley's chief point winner in the last season.

**PLEASANTON ORCHESTRAL ORGANIZATION DELIGHTS THE PEOPLE WITH PARTY.**  
PLEASANTON, Nov. 8.—The opening party of the Pleasanton orchestra at Nevins' Pavilion, Saturday evening, was a delightful success and the people who took part in it were well pleased to express their appreciation of this fine organization. This is the first time in the history of Pleasanton that such an orchestra has been formed. The music is first class and the service is ahead of these young people.

The singing is as beautiful as decorated with yellow and white chrysanthemums with palm leaves for the opening party. These popular young people will give a snowball party in the near future.

**BOLD BURGLAR.**  
C. F. Morse, who lately went into the butcher business, had his store room entered Saturday night by unknown parties, who took about \$15 worth of fresh meat, ham, bacon and lard. Mr. Morse thinks the meat was carried away in a wagon as the tracks were found around the gates. As yet the officers have not found the guilty ones but are working hard upon the case.

**NARROW ESCAPE.**  
Wm. H. Donahue was out riding Friday with his father, P. Donahue, from Mission San Jose, and his horse took fright at a motor bicycle and tried to run away. They held him from getting away.

PRESIDENT WHEELER URGES  
STUDENTS TO VOTE

Head of the State University Has  
Words of Praise for the  
Republican Party.

BERKELEY, Nov. 8.—Quite a speech, on the subject of today's election was made by President Benjamin Ide Wheeler of the University of California yesterday in his weekly lecture before the students of the College of Commerce.

He said that one of the chief duties of the educated man was to vote. He urged all students who were of age to cast a ballot and those who were not to take a keen interest in politics.

President Wheeler then gave his personal estimate of each party saying that he did not feel himself free to be allied with any. He characterized the Republican party as a party without many theories of government, but at present the greatest party the country ever had in getting things done and in getting them done right. The Democratic party, President Wheeler thought, was too broken up and divided within itself to have any definite policy and simply represented the opposition to the Republicans. The Socialist party, he said, should not be condemned by an educated man without a hearing; the Prohibitionist he held in deep national and he did not regard the Populist as of any value whatever.

President Wheeler said in part: "It is generally thought extremely dangerous to talk about religion or politics in a State University. But I think that a study of practical politics is entirely in place in a University if we put aside prejudice and partisan passion. If our college men are not trained to take part in government what benefit has the State? Our institutions are based on the presumption that patriotism exists, and they will work properly only when there is patriotism to guide them."

Our two great parties have really become parts of the constitution, though they are not written down as such, and it is only through their agency that all parts of the government can run smoothly. Every patriotic citizen should affiliate with one or the other. While we should not blindly follow a party in local elections, in national elections it should be the party, the doctrine, and not the man, for which we should vote.

The Republican party has not been very strong in theory. It has often tended to represent the well-to-do class. But it has always been able to do things and do them right.

The Democratic party consists of three separate wings the Northwest, the Middle West and the South. The Northwest Democrats are represented by Tammany. The party at present consists only of the Northeast and Southern elements, which were joined by Hill, an adroit politician and a crafty and shrewd man. Theoretically the Democrats have a strong case, but Parker made two serious mistakes when he said that the trust should be treated under the common law, and that the tariff could not be changed, even if he were elected. The charge of imperialism seems to be their strong point. Their last charge is one against Cretelyou of dishonesty, pressure on the corporations. Roosevelt has denied this, and his attitude as to the tariff is gold.

Mr. Parker, and he is a man of magnetic personality and a lean, old-fashioned Democrat, but not a fighter and not a man of deep convictions.

**BERKELEY STREETS  
FLOW WITH MILK**

BERKELEY, November 8.—A runaway horse, attached to a milk wagon belonging to C. M. Metcalf, caused considerable commotion this morning by dashing up Center street and overturning two mail carts in front of the post-office.

The milk wagon finally overturned on a curbing at Allston way and Oxford street and for a few moments the streets flowed with gallons of lactical fluid.

AUDUBON SOCIETY  
MAKES STUDY  
OF BIRDS

ENERGETIC CAMPAIGN IS DECIDED  
ON BY NEW BERKELEY  
ORDER.

BERKELEY, November 8.—The Audubon Society of Berkeley is preparing to inaugurate an energetic campaign for the study of birds under the auspices of its literary committee. This body met last evening at the Pacific Theological Seminary at the office of its chairman, Professor William F. Bader. The other members are Mrs. Clifton Price, Mrs. G. R. Noyes, Mrs. Robertson, Miss Finley and Dr. Underhill.

The list of birds chosen to be studied and discussed this month is as follows: Meadow lark, brown towhee, California jay, Oregon towhee, red-shafted flicker, white crown sparrow, golden crown sparrow, Oregon junco (snowbird), song sparrow and English sparrow.

**ODD FELLOWS  
THEATRE PARTY**

BERKELEY, November 8.—Under the auspices of Canton Oakland, No. 11, P. M. I. O. F., a huge Thanksgiving theatre party will be given at the Liberty Playhouse, in Oakland, on Wednesday evening, November 23. The performance will be "The Merchant of Venice," and the whole affair is attracting a great deal of interest throughout the cities on this side of the bay.

GLEE CLUBS TO TAKE  
SOUTHERN TOUR.

Partial Itinerary is Arranged for  
University of California  
Musical Organizations.

BERKELEY, November 8.—During the Christmas holidays the University Glee and Mandolin Clubs will make a tour of Southern California. While the final details of the trip have not been arranged the itinerary will include the following cities: Los Angeles, Pasadena, Redlands, San Diego, Riverside, Santa Barbara, San Bernardino, and Pomona.

During past years the musical clubs of the University have made several trips to the South and have always met with an enthusiastic reception. In the last year the University has received so many representatives from Los Angeles and the surrounding cities that the contemplated trip will undoubtedly prove a success from a financial standpoint.

Among prominent members of the musical clubs whose homes are in the South are: E. R. May, C. M. Leach and L. A. Nathan of Los Angeles, N. E. Dole, and G. T. Dole of Riverside, and R. N. N. Brackett and W. F. Brackett of Pasadena.

# SAVED FROM OPERATION

2035 Fitzwater St., PHILADELPHIA, PA., Oct. 12, 1903.

I had congestion of the womb and inflammation of the ovaries and my health was so bad that I was unable to attend to my household duties, and was compelled to hire help which I could ill afford to do. My sufferings in the stomach and around the pelvic organs was something awful, and at times it would seem as if my insides were coming out. The doctor said that I must have an operation to get well, but I dreaded the ordeal, and, hearing of Wine of Cardui I tried it. It is the finest medicine I ever used. I felt relieved within a week and kept getting better. I used thirteen bottles before I was well, but that is now five months ago and I have not had any pain since. I do all my work now and never seem to tire.

## WINE OF CARDUI

Analyzing symptoms is not the first step toward securing health. More care to the laws of health and less attention to the symptoms of sickness is what is needed.

When you buy a dollar bottle of Wine of Cardui you have secured a bottle of medicine which has given 1,500,000 suffering women health.

Why pay a specialist to tell you what is wrong with you and pay the price of a dozen bottles of Wine of Cardui before you secure any treatment at all?

Mrs. Wilson, with the experience she gives here, is indeed a specialist.

She has been saved from severe sickness, rescued from the operating table and restored to health—by Wine of Cardui.

No suffering woman could possibly do better than take her advice and try the Wine of Cardui treatment.

# AMUSEMENTS

There is one of the strongest bills at the Novelty Theater this week than has been seen at this house for a long time. Every act is a feature in itself. Miss Scott, the famous "strong tooth woman" opens the bill and does a serpentine dance hanging in mid-air by her teeth. Ravello and Von Rosen come in a clever and amusing sketch which pleases everybody.

The five Mexican serenaders are deserving of all the praise they have received from both press and public, and their performance last night was a very creditable one. They are musicians of rare talent and ability.

Walter Kerrick gives some new and pleasing illustration of songs, and the Detroit comedians acrobats who close the bill, do some clever tumbling.

There is a matinee every day at the popular theater with extra performances on Saturdays and Sundays.

The TRIBE is to furnish this theater with the election returns tonight, and they will be read to the patrons from the stage.

## EMPIRE THEATER

Another star aggregation made its appearance at the Empire Theater last night before two crowded houses and was well received. The program is full of good acts, and of the kind that are popular, including dancing, singing, clever comedy and interesting moving picture.

The ventriloquist does well. "La Polite Ruth in her singing, dancing and ventriloquism" ranks with the best of the troupe.

The College Trio are musicians of ability, and sing "The Rose Tree" and "From 'Carmen'—The Buddy Applauded."

Mr. Ryan, the cello player, accompanied by the mandolin and guitar, rendered "The Russian" which was

one of the most pleasing features in the evening's entertainment.

Miss MacDonald, ventriloquist, delighted the audience with her illustrating singing. Ravello and Von Rosen, with the singing and dancing of the couple, was well received.

The management of the Empire has made arrangements with the TRIBE to get the election returns this evening. Ravello and Von Rosen, come in, they will be read from the stage.

## HIS DEATH DUE TO AN ACCIDENT

The coroner's jury called to examine into the death of Miriam H. Hargrave painter who was killed by receiving a blow from a live wire, was organized in painting a pole belonging to the Oakland Gas Light and Power Co. brought in a verdict of accidental death.

Hargrave's body was taken to Santa Cruz last Sunday.

## THE CHRISTMAS DELINEATOR

The December Delineator, with a message of good cheer and helpfulness will be welcomed in every home. The fashion pages are unusually attractive, illustrating and describing the very latest modes in a way that make their construction during this busy festive season a pleasure instead of a task, and the literary and pictorial features are of rare excellence.

A selection of Love Songs from the War, and a new book, "How to Write English," by Richard de Gallienne, and beautifully illustrated in colors by J. C. Leyendecker, occupies a prominent place in the chapter in the Composers' Series, cataloging the Romantic Works of the Cosima, is an interesting supplement to the lyrics. A very clever paper entitled "The Court Circles of the Republic," describing some unique phases of Washington social life is from an unnamed contributor. Who is it? I write from the inner circles of society. There are short stories from the pen of F. Hopkinson Smith, Robert Grant, Alton Brown, Max Eastman, and Elmore Elliott Peake, and such interesting writers as Julia Magruder, Frank Baum, and Grace MacGowan Cooke hold the attention of the Christmas Delineator's readers. The pages given in needlework and the Christmas piques are redolent of the Christmas feast. In addition, there are the regular departments of the magazine, with a frank expression on topics relating to woman's interests within and without the home.

## Cress Unger Said to Have Stolen Money to Bet on Races.

SAN FRANCISCO, November 18.—Rumors on horse races and a fondness for the fine things in life are said to have caused Cross Ungar, seizure clerk in the office of Collector of Port, to steal more than \$1,500 in deposits made on dutiable goods. The seizure clerk, the mail's magazine, said tonight that the mail's magazine is investigating by the United States government. Ungar has been suspended from office by Collector of Port Stratton.

It is said that this is not the first time Ungar has been under a cloud of suspicion in the same office. It is said that on another occasion he was saved from public disgrace by influence of friends.

The seizure clerk in the Collector of Port's office handles all parcels from foreign and Asiatic ports suspected of containing dutiable goods. The charges on the parcels are paid in advance and the deposits made on valuable parcels and, in many instances, kept the money for the collector.

Being a popular man about certain districts of the city, Ungar had his "ends" made by the receipt of money from him to be too small. Temptation came to him and whispered that he might steal from the parcels he handled. He was caught by the thefts, it is alleged. It is claimed that detectives have learned that Ungar had been receiving money from the gamblers in seeking to win wealth on race tracks but nearly always losing his wagers.

It is said that the Collector of Port and Olympia clubs and has been and has been in the customs house service for nearly 15 years. His statement can be secured from him.

In February, 1920, Ungar was elevated from his position of seizure clerk to the Collector's office to the position of chief clerk in the customs service. In June, 1920, he was assigned to the position of chief clerk that the duties were too arduous. He then resumed the duties of seizure clerk and the real cause of the change in his position was not known.

But it is now said that when Ungar left the position of seizure clerk in February, 1920, he took with him \$1,500 in deposits of \$200. This, it is alleged, he attempted to make good by turning in payments of \$200 to the collector of port. His successor, Henry Farmer, reported the shortages to Collector Stratton, and it was then that the seizure clerk was asked to resign his position as chief clerk. What ever money was stolen was made good by the collector of port. The collector succeeded Ungar as chief clerk, and the shortages would not have been discovered had it not been for the collector's successor.

Regarding Ungar's troubles Stratton declined to be interviewed.

"I am not the authorities at the Washington," he said. "This is departmental business and I am not permitted to say anything more than that Mr. Ungar is suspended for cause."

As soon as the discovery of Ungar's thefts is made, it is expected that the case in the hands of Special Treasury Agents West and Channing. They are expected to be in the city in a few days. Their Attorney, who is absent from the city. His return is expected soon, and then the charges will be taken up.

# SOUTHERN PACIFIC WINS CASE.

## AWARDED PASS THROUGH ROCKY MOUNTAINS FROM THE SANTA FE.

CHICAGO, November 8.—A dispatch to the Record-Herald from Phoenix, Ariz., says:

The best known pass through the Rocky Mountain system has been awarded to the Southern Pacific Railroad by Judge Doan. The judgment gives the Southern Pacific the contested right of way for eighteen miles between Kelvin and Dudeyville along the Gila river, immediately below a narrow box canon where not more than one road can find its way through. The decision was based mainly on the fact that the Southern Pacific had filed its maps in the Tucson land office two hours before those of the Santa Fe.

## Pleasanton Girl Planned Hurried Marriage and Left Town.

PLEASANTON, Nov. 28. —Despite her parents' objections, Miss Minnie Bruess, one of the prettiest and most popular young ladies of this place, was secretly married to Joseph Enos Biros, on Saturday evening, October 23.

The marriage took place here at the home of Rev. Father McNab, who performed the ceremony.

Mr. Biros, who was born and raised in this place left here about three months ago to accept a position in San Francisco. On account of the delay of the bride objecting to the marriage, the young people planned a secret wedding and a week ago Saturday night, the groom came to Pleasanton. Immediately after the ceremony, he returned to San Francisco. The girl returned to her home, her parents nor her most intimate friends being none the wiser.

Last night, Mr. Biros returned to Pleasanton. His bride met him at the home of her new parents-in-law and after a short stay here, she will go to San Francisco where they will reside.

Neither the bride's mother nor sister knew of the marriage until after the young people had departed.

The bride, who is a fair-skinned blonde is the only daughter of Pleasanton's Rebekah Lodge. She is well known and has hosts of friends.

The groom is very popular here. He is meeting with marked success in his new work in San Francisco.

It is not known what objection the

It is supposed that it was because she was too young, being only about 20 years.

# GREAT BLOCKADE OF TRAINS

INSTALLATION OF NEW SWITCH-  
ING SYSTEM CAUSES DE-  
LAY IN TRAFFIC.

NEW YORK, Nov. 8.—A great blockade of passenger trains at the Long Island City terminal of the Long Island Railroad, due to the installation of a new system of switching began to give way early to-day. Trains of minor importance were disregarded, however, in an effort to get things running on the main lines.

Thousands of commuters reached Long

business in Manhattan only to find little prospect of getting home by rail. Some of them organized into trolley parties and finally reached home after two or three hours riding by multiple routes. The trolley from the east continued to arrive regularly as long as the rolling stock held out but they got no further than the yard limits. The officials had quite a much trouble getting trains into the yards and out of them. The trolley men said they did in getting them out so that the shortage of cars soon resulted. A morning rush had to be made to get the rolling stock gathered soon after the morning rush had been disposed of. Running of the trolleys was a very serious question. A string of twenty cars were coupled into one train and got away a few minutes before the departure of the regular train.

Trolley officials were quick to recognize their opportunity and the cars on their lines were used to make a continuous procession for hours, greatly relieving the situation. In the scramble for the trolleys during the morning rush hours, many women and children were knocked down and severely injured.

Officials of the Long Island declaration is that there is nothing wrong with the trolley system. The trouble, they say, is due entirely to lack of experience by the men. The plant, which has just been completed, is the largest in the world, operating more subways in the city and signals than any before constructed. The plant contains 150,000 levers which operate all the signals in the yard, covering twenty-four terminals and branches. It required 100 men to handle the switches on the ground while with the new system

# SCHOOL BOARD MEETS

WILL HAVE PHYSICIANS ON THE  
REGULAR STAFF.

At a meeting of the Board of Education held last evening in the city hall the proposition from the Board of Health to appoint a doctor to make periodical examinations of the health of the pupils of the schools was laid on the table, the Board refusing to take any favorable action. J. W. McClymonds, superintendent of the public schools of Oakland, was in favor of the plan, which he said had been used very successfully in the cities he had visited on his recent trip. Members of the Board, however, made the objection that the doctors who would be appointed might use their position for the purpose of advancing themselves and that the position might also be used for political purposes. On these grounds the proposition was not favored.

technic and Oakland High School would be held Wednesday and Thursday before Christmas, that the schools be dismissed on Wednesday, and that the Christmas vacation be extended to the 26th. This will give the pupils the longest vacation than usual, and will also even up the before and after Christmas terms.

The Polytechnic High School were granted permission to use the music room of the school to prepare for the farce which is to be given on November 18, in Foresters hall. The committee also were benefited by the school paper, the Scribe.

The Committee on Schoolhouses and Sites was empowered to purchase 250 feet of land near the Temescal School for \$500.

The committee on the High Schools reported that owing to the City Council's refusal to grant them funds some \$1000 must be raised to make a deficit of \$3501 in this year's budget.

The committee in charge of the night school was authorized to buy whatever text books they considered necessary for the proper maintenance of that institution.

and other medals were awarded the Butterick Fashion Exhibit at the St. Louis World's Fair.

The feature of the Butterick exhibit which won the Grand Prize at the St. Louis World's Fair was a series of eleven costumes, showing the styles in woman's dress during the past century—ten years apart. These have been charmingly drawn by Anna Burnham Westermann, and reproduced with tint in the form of an art panel, nearly three feet long. It is well worth framing to adorn the walls of Milady's boudoir, parlor or den, and will be mailed, rolled without creasing, on receipt of four cents, to cover postage, etc.

Small outline drawings of these figures are shown in this advertisement—they give but a hint of the charm of the original drawings as shown on the panel itself.

THE **ELIMINATOR** stands for the highest degree of excellence in the portrayal of fashions for the women of the civilized world. This same superiority is shown in its treatment of every department of home life.
